

SCHEDULE 14

Signs for traffic control by light signals, signs for crossings, and signs for lane control

PART 1

Provisions applying to signs in Parts 2 and 3

Tramcars

7. The significance of the light signal is that—
 - (a) the horizontal line conveys the prohibition that a tramcar must not proceed beyond the stop line;
 - (b) the vertical line indicates that a tramcar may proceed beyond the stop line and proceed straight ahead;
 - (c) the diagonal line shown in the diagram at item 5 indicates that a tramcar may proceed beyond the stop line and proceed to the left;
 - (d) the diagonal line shown in the diagram at item 6 indicates that a tramcar may proceed beyond the stop line and proceed to the right; and
 - (e) the central circle conveys the prohibition that a tramcar must not proceed beyond the stop line except that, as respects a tramcar which is so close to the stop line that it cannot safely be stopped without proceeding beyond the stop line, it conveys the same indication as the aspect which was shown immediately before it.
