PART 3
REQUIREMENTS

Test for imposing, modifying or revoking requirements

8. OFCOM must not impose a requirement under regulation 7, or modify or revoke such a requirement, unless they are satisfied that to do so is—

- (1) objectively justifiable in relation to the networks or services to which it relates;
- (2) proportionate to what the requirement or modification is intended to achieve; and
- (3) in relation to what it is intended to achieve, transparent.
