**2016 No. 765**

**The Air Navigation Order 2016**

**PART 7**

Air traffic services

CHAPTER 1

Air traffic services

**Provision of air traffic services**

**183.** In the case of an aerodrome (other than a Government aerodrome) for which there is equipment for providing aid for holding, aid for let-down or aid for an approach to landing by radio or radar, the person in charge of the aerodrome must—

- (a) inform the CAA in advance of the periods during and times at which any such equipment is to be in operation for the purpose of providing such aid as is specified by that person; and
- (b) during any period and at such times as are notified, cause an approach control service to be provided.

**Status:**

Point in time view as at 30/07/2018.

**Changes to legislation:**

There are currently no known outstanding effects for the The Air Navigation Order 2016, Section 183.
