

SCHEDULE 3

Requirements

Construction Environmental Management Plan

12.—(1) No stage of the authorised project may commence until a construction environmental management plan relating to that stage has been submitted to and approved by the relevant planning authority.

(2) The construction environmental management plan must be substantially in accordance with, and include the following plans and strategies, from the initial CEMP—

- (a) details of fencing and enclosures;
- (b) a pollution prevention and control plan;
- (c) a sustainable procurement plan;
- (d) a materials management plan;
- (e) a reinstatement plan, including soil handling and restoration measures;
- (f) an energy reduction plan;
- (g) an emergency response/ spill response plan;
- (h) a refuelling procedure;
- (i) a flood risk management plan;
- (j) flood incident response plan; and
- (k) marsh harrier monitoring and mitigation strategy.

(3) The authorised project must be undertaken in accordance with the approved construction environmental management plan.

(4) Any works subject to the plans, scheme and strategy referred to in sub-paragraph (2) must be carried out in accordance with the approved plan, scheme or strategy.
