The Control of Mercury (Enforcement) Regulations 2017

PART 5

Further provision about enforcement

Notification of new mercury-added products and manufacturing processes

38.—(1) The enforcing authority must perform the functions of the United Kingdom under Article 8(4) of the Mercury Regulation (which refers to assessing and forwarding notifications under Article 8(3) of that Regulation if certain criteria are fulfilled).

(2) A notification to the Agency, NRW or SEPA pursuant to paragraph (1) must be accompanied by any charge which it may require pursuant to section 41(1)(k) of the EA 1995.

(3) A notification to DAERA pursuant to paragraph (1) must be accompanied by any charge which DAERA may require pursuant to paragraph 9C of Schedule 1 to the EO 2002.
