for Work &  
Pensions

## Bulk transfers without consent: money purchase benefits without guarantees

### Guidance for trustees

The Department for Work and Pensions has produced guidance to accompany [the Occupational Pension Schemes \(Preservation of Benefit and Charges and Governance\) \(Amendment\) Regulations 2018](#). The guidance will assist trustees in complying with the new regulations and simplify the process to carry out bulk transfers of members of occupational DC schemes. It has been produced with the help of internal and external stakeholders.

You can access the guidance [here](#).
