

**EXPLANATORY MEMORANDUM TO**  
**THE WEST SUFFOLK (MODIFICATION OF BOUNDARY CHANGE**  
**ENACTMENTS) REGULATIONS 2018**

**2018 No. 613**

**AND**

**THE WEST SUFFOLK (LOCAL GOVERNMENT CHANGES) ORDER 2018**

**2018 No. 639**

**1. Introduction**

- 1.1 This explanatory memorandum has been prepared by the Ministry of Housing, Communities and Local Government and is laid before Parliament by Command of Her Majesty.
- 1.2 This memorandum contains information for the Joint Committee on Statutory Instruments.
- 1.3 Attached to this memorandum is a report required by section 15(12) and (13) of the Cities and Local Government Devolution Act 2016 on The West Suffolk (Modification of Boundary Change Enactments) Regulations 2018.

**2. Purpose of the instrument**

- 2.1 These instruments provide for the abolition of Forest Heath and St Edmundsbury districts and their district councils and the creation of a new West Suffolk district and West Suffolk district council which covers the same contiguous, geographic area.

**3. Matters of special interest to Parliament**

*Matters of special interest to the Joint Committee on Statutory Instruments*

- 3.1 This is the first use of section 15 of the Cities and Local Government Devolution Act 2016.

*Other matters of interest to the House of Commons*

- 3.2 The instruments apply only to England.
- 3.3 The instruments apply only to England as they are entirely concerned with local government areas in England. The instruments do not give rise to minor or consequential effects outside England.
- 3.4 In the view of the Department, for the purposes of House of Commons Standing Order 83P the subject-matter of this entire instrument would be within the devolved legislative competence of the Northern Ireland Assembly if equivalent provision in relation to Northern Ireland were included in an Act of the Northern Ireland Assembly as a transferred matter; or the Scottish Parliament if equivalent provision in relation to Scotland were included in an Act of the Scottish Parliament; or the National Assembly for Wales if equivalent provision in relation to Wales were included in an Act of the National Assembly for Wales.

- 3.5 The Department has reached this view because it considers that the primary purposes of the provisions in these instruments relate to local government which is within the devolved legislative competence of the Scottish Parliament, the Northern Ireland Assembly and the National Assembly for Wales.

#### **4. Legislative Context**

- 4.1 This memorandum details two statutory instruments. The first, the West Suffolk (Modification of Boundary Change Enactments) Regulations 2018, varies the Local Government and Public Involvement in Health Act 2007 Act (“the 2007 Act”) in its application to Forest Heath and St Edmundsbury district councils. The second, the West Suffolk (Local Government Changes) Order 2018, establishes the new non-metropolitan district and council.

##### The West Suffolk (Modification of Boundary Change Enactments) Regulations 2018

- 4.2 Part 1 of the 2007 Act provides for structural and boundary change of local government areas and councils. Section 8 of the 2007 Act provides that the Local Government Boundary Commission (“the Commission”) may, either on their own initiative or at the request of the Secretary of State or a local authority, conduct a review of one or more local government areas. Where they have conducted a review under this section the Commission may recommend to the Secretary of State such boundary change as in consequence of the review seems to them desirable. “Boundary change” means the alteration of a local government area boundary; the abolition of a local government area or the constitution of a new local government area (or any combination of these). No recommendation may be made under section 8 which recommends some form of structural change (i.e. the creation of a single tier of local government in an area which previously had two tiers). Structural change is provided for in sections 1 to 7 of the 2007 Act.
- 4.3 Section 10 of the 2007 Act gives the Secretary of State power, by order, to make boundary changes to a local government area following a review by the Local Government Boundary Commission. The detail of what a section 10 order can include is set out in sections 11 and 12. A section 10 order can, for example, create a new local government area or abolish an existing one; move the boundary of any local government area; create a new council for the area or abolish an existing one and provide for a new name. A section 10 order can also make provision for “electoral matters” which, for example, includes the total number of members (councillors) of the authority; the number and boundaries of electoral areas and the number of councillors to be returned by each area. A section 10 order can also include transitional provision allowing, for example, for the appointment by the Secretary of State of members of an existing local authority to be members of a new local authority for a transitional period.
- 4.4 Section 15 of the Cities and Local Government Devolution Act 2016 (“the 2016 Act”) provides that the Secretary of State may by regulations (subject to the affirmative resolution procedure) make provision about the structural and boundary arrangements in relation to local authorities under Part 1 of the 2007 Act. In particular, by making provision as to how Part 1 of the 2007 Act is to apply in relation to particular cases (including by disapplying the application of Part 1 or applying it subject to any variations that are specified in the regulations).
- 4.5 Regulations under this section, so far as including structural or boundary provision in relation to a non-unitary district council area, may be made if at least one relevant

local authority consents (i.e. one of the councils whose area falls within the area concerned). This consent requirement expires at the end of 31st March 2019 (but without affecting any regulations already made under this section by virtue of subsection (5)). After that date, the exercise of powers under section 15 will require the consent of all relevant authorities in the area in question.

- 4.6 These regulations made under section 15 of the 2016 Act would provide that Part 1 of the 2007 Act is to be varied in its application to the case of Forest Heath and St Edmundsbury so that those councils can make proposals for boundary change in their area to the Secretary of State rather than to the Local Government Boundary Commission and allowing the Secretary of State to implement those proposals by order under section 10 of the 2007 Act.

#### The West Suffolk (Local Government Changes) Order 2018

- 4.7 This Order is made in exercise of the powers conferred by sections 10, 11, 12 and 13 of the 2007 Act. It implements the proposal made under the 2007 Act that there should be a new non-metropolitan district council for West Suffolk.
- 4.8 Section 14 of the 2007 Act enables the Secretary of State, by regulations of general application, to make incidental, consequential, transitional and supplementary provision to give full effect to these local government changes. The Secretary of State intends to exercise his powers under this section to, among other things, make provision for transferring functions, property, rights and liabilities to the new council, as well as providing for transitional provisions relating to financial matters.

### **5. Extent and Territorial Application**

- 5.1 The instruments extend to England and Wales.
- 5.2 The territorial application of these instruments is set out in Section 3 under “Other matters of interest to the House of Commons”.

### **6. European Convention on Human Rights**

- 6.1 Rishi Sunak, Parliamentary Under Secretary of State at the Ministry of Housing, Communities and Local Government, has made the following statement regarding Human Rights:

“In my view the provisions of The West Suffolk (Modification of Boundary Change Enactments) Regulations 2018 and The West Suffolk (Local Government Changes) Order 2018 are compatible with the Convention rights.”

### **7. Policy background**

#### *What is being done and why*

- 7.1 The Government made a manifesto commitment to support those authorities that wish to combine to serve their communities better, and the Ministry of Housing, Communities and Local Government is committed to consider unitarisation and mergers between councils when requested.

- 7.2 The Government set out the criteria against which merger proposals would be considered in a Written Ministerial Statement on 7 November 2017<sup>1</sup>. These are that:
- the proposal is likely to improve local government in the area (by improving service delivery, giving greater value for money, yielding cost savings, providing stronger strategic and local leadership, and/or delivering more sustainable structures);
  - the proposal commands local support, in particular that the merger is proposed by all councils which are to be merged and there is evidence of a good deal of local support; and
  - the proposed merged area is a credible geography, consisting of two or more existing local government areas that are adjacent, and which, if established, would not pose an obstacle to locally-led proposals for authorities to combine to serve their communities better and would facilitate joint working between local authorities.

7.3 Forest Heath and St Edmundsbury developed and consulted on a proposal, which they submitted to the Secretary of State on 28 September 2017. The Secretary of State considered the proposals put forward by the two councils and, on 30 November 2017, announced that he was “minded-to” implement the proposal. There then followed a period for representations, which lasted until 19 January 2018. After carefully considering all the material and representations he received, the Secretary of State concluded that the criteria outlined above are likely to be fully met.

7.4 Pursuant to the statutory framework described in Section 4 above, the Secretary of State must give full consideration to proposals received from local authorities that wish to restructure how they are organised. These regulations are made under provisions introduced into the 2016 Act enabling regulations to be made to streamline the processes for local government reorganisation, including unitarisation, council mergers and boundary changes, for which provision is made in the 2007 Act.

#### The West Suffolk (Modification of Boundary Change Enactments) Regulations 2018

7.5 These Regulations modify provisions related to boundary changes in the Local Government and Public Involvement in Health Act 2007 as they apply to West Suffolk.

7.6 To implement the proposal in a timely manner, regulations are made under section 15 of the 2016 Act which provides that Part 1 of the 2007 Act is to be varied in its application to the case of Forest Heath and St Edmundsbury so that the Secretary of State is able to act upon a submission from the local areas regarding re-organisation of the local boundaries whilst still maintaining the ability for the Local Government Boundary Commission for England to carry out an electoral review of the area.

7.7 Regulation 3 modifies certain provisions of Part 1 of the Local Government and Public Involvement in Health Act 2007 for the purposes of boundary change of the local government areas of Forest Heath and St Edmundsbury. Section 8 of the 2007 Act is modified to allow for a proposal for boundary change affecting its area to be made by a relevant local authority without the requirement of a review or recommendation from the Local Government Boundary Commission for England.

---

<sup>1</sup> <https://www.parliament.uk/business/publications/written-questions-answers-statements/written-statement/Commons/2017-11-07/HCWS232/>

7.8 Regulation 4 provides for the relevant provisions of the 2007 Act as modified by these Regulations to apply to the implementation of a proposal made before the coming into force of these Regulations.

7.9 Regulation 5 provides for the expiry of these Regulations at the end of March 2020. This is to allow for sufficient time should the need arise for a further Order under Section 10 of the 2007 Act to be made, in order to give full effect to the proposal.

#### The West Suffolk (Local Government Changes) Regulations 2018

7.10 This Order establishes a new non-metropolitan district, West Suffolk, in the county of Suffolk; establishes West Suffolk Council as the district council for West Suffolk and abolishes Forest Heath and St Edmundsbury districts and their councils.

7.11 The Order provides for the establishment of a shadow authority before West Suffolk Council takes on full responsibility for local government matters on 1st April 2019 with members appointed from the existing councils; for the creation of a shadow executive and for the creation of a Central Implementation Team to support the executive. The shadow authority and shadow executive are tasked with making all necessary preparations in advance of 1st April 2019 (including preparing and keeping under review an implementation plan and appointment of key officers); the costs of the shadow authority and shadow executive are to be met by the existing district councils.

7.12 Part 4 of the Order deals with electoral matters including provision that a whole council election of councillors of West Suffolk Council is to take place on the ordinary day of election in 2019 and in every fourth year thereafter. Once the Order is made, the Local Government Boundary Commission for England will be invited to review the wards in time for the elections in 2019. This would supersede the electoral arrangements in the order.

7.13 Part 5 of the Order imposes general transitional duties on the existing district councils, in particular to cooperate with each other and the shadow authority and shadow executive.

7.14 The Schedule sets out the electoral wards of West Suffolk. The proposed warding pattern involves wards having no more than 3 members. The wards have been constructed using a mixture of existing wards with the aim of delivering as close as possible electoral equality, no more than 3 members to any ward and providing for a total of 64 councillors as reflected in the schedule.

## **8. Consultation outcome**

### Consultation before initial decision

8.1 Following the decisions of the councils to proceed in principle with the proposal to merge, the councils undertook a programme of engagement with residents and stakeholders from May 2017 to the end of August 2017. The engagement programme was comprised of the following activities: an independent, weighted to be representative, sample survey phone poll; a media campaign including press releases and promotion on social media; 52 media stories published or broadcast through local, national and local Government news channels; publicity packs for councillors and town and parish councils; a dedicated webpage and online survey to collect comments on the proposals; formal communication to 162 stakeholders; presentations and talks

at resident and business forums and public events; and staff briefings for frontline employees.

- 8.2 During the consultation, Suffolk County Council and all Suffolk district authorities expressed support for the formation of a single district council for West Suffolk. Letters of support were also received from neighbouring local authorities including Babergh and Mid Suffolk District Councils, Breckland District Council, Suffolk County Council, Cambridge City Council, Norfolk County Council, the Borough Council of King's Lynn and West Norfolk, and Braintree District Council. The Cambridgeshire and Peterborough Combined Authority also wrote a letter in support of the proposals.
- 8.3 The majority of town and parish councils that sent representations in response to the proposals were supportive. Seven responses were received from the eighty-five town and parish councils - four were supportive and three raised concerns. The primary concerns were for local decision making and service delivery. However, the West Suffolk councils do not expect there to be any negative effects on local decision making or service delivery as a result of any implementation of their proposals.
- 8.4 Businesses are also supportive of the proposals. Both Local Enterprise Partnerships (LEPs) – New Anglia LEP and the Greater Cambridge, Greater Peterborough LEP – expressed support for the proposal. Other organisations that are supportive include the Suffolk Chamber of Commerce, the Newmarket and Bury St Edmunds Business Improvement Districts, and the Bury Market Traders. There were no negative representations from businesses or business groups.
- 8.5 Other public agencies support the proposal. West Suffolk Hospital NHS Foundation Trust, NHS West Suffolk's Clinical Commissioning Group (CCG), and the Suffolk Police and Crime Commissioner were all supportive of the council merger and its ability to deliver better joint working and improved efficiency and effectiveness of services. Other than three parish councils, there were no negative representations from public sector organisations.
- 8.6 Independent polling organisation ComRes carried out a demographically proportionate telephone survey of 1,200 residents in Forest Heath and St Edmundsbury to gauge public support for the proposal. When asked "In general, to what extent are you favourable or unfavourable towards the proposed creation of a single District-level Council for West Suffolk", 65% of adults said they were favourable to the proposal, compared to 19% who were unfavourable. When provided with further information about the proposal, within the same survey, including providing details of its potential benefits and concerns, 70% of local adults were favourable to the proposal and its impact, compared to 22% who were unfavourable.
- 8.7 The councils took steps to ensure that all residents, including those who were less likely or not able to engage via the dedicated website, were able to share their views on the proposals. The alternative methods of engagement included: customer service and other frontline staff were provided with information to answer questions and pass on feedback; Ward Members were provided with information to include in parish newsletters; hard copies of summary documents were shared with residents; posters were displayed in local libraries and GP surgeries, public meetings and engagement with local councillors were arranged. Officers also contacted the Disability Forum for Suffolk and Avenues East with information on the proposals and an invitation for further dialogue.

## Representations received after initial decision

- 8.8 After the Secretary of State announced his initial decision that he was minded to implement the proposal, there was a period for representation lasting from 30 November 2017 until Friday 19 January 2018. Further letters in support for the proposal were received from local MPs; Sue Cook, Interim Chief Executive of Suffolk County Council; the Flagship Group, a local housing provider; John Griffiths, Leader of St Edmundsbury Borough Council and James Waters, Leader of Forest Heath District Council; Newmarket Business Improvement District (BID); NHS Suffolk; and Suffolk Chamber of Commerce. The Secretary of State was sent no representations opposed to the proposal.
- 8.9 From these representations, the majority of the representations indicated that they believe the merger would create cost savings, improve leadership and result in a stronger, more sustainable local government model. The submissions also supported the principle that the merger commands a good deal of local support, particularly from key politicians and partner organisations. There was also a general consensus that the new geography will encourage partnership working and make the provision of housing and services more coherent.

## **9. Guidance**

- 9.1 The Government continues to work with colleagues in local areas to support their implementation of this council merger. No guidance is therefore necessary to accompany these instruments.

## **10. Impact**

- 10.1 There is no impact on business, charities or voluntary bodies.
- 10.2 In terms of impact on the public sector, a number of local public bodies, such as NHS providers, housing associations and third sector organisations, have made representations that this council merger would improve local partnership working.
- 10.3 The councils consider that becoming a single council is estimated to generate a further £0.5 million of annual cashable savings alongside £0.35m of non-cashable savings - such as the gain in efficiency and capacity that would be released as a result of ending duplication of documentation and meetings. The move to a single council would also protect the shared services savings of £4 million each year across West Suffolk that they have already achieved.
- 10.4 The establishment of a single district council would maintain all the services that are currently carried out by the two councils individually. The proposal provides the opportunity to bring savings which would allow them to invest in services. It is likely that the establishment of a single district council would help ensure the strong and influential local leadership required to tackle challenges such as an ageing population and the redevelopment of RAF Mildenhall, which is being vacated in 2023.
- 10.5 A full regulatory impact assessment has not been prepared as these instruments will have no impact on the costs of business and the voluntary sector.

## **11. Regulating small business**

- 11.1 The legislation does not apply to activities that are undertaken by small businesses.

## **12. Monitoring & review**

- 12.1 This Order provides for new governance arrangements in the areas of Forest Heath and St Edmundsbury councils. It is for the local area to continue to monitor and evaluate the performance of the new council.

## **13. Contact**

- 13.1 Dr Mark Ewbank at the Ministry of Housing, Communities and Local Government Telephone: 0303 444 4710 or email: [mark.ewbank@communities.gsi.gov.uk](mailto:mark.ewbank@communities.gsi.gov.uk) can answer any queries regarding these instruments.
