CHAPTER 6

Simplifications to export declarations etc

SECTION 1

Simplified export declaration process

The meaning of simplified export declaration process

31.—(1) “Simplified export declaration process” means the process in relation to export declarations provided by this Chapter which simplifies or disapplies requirements made by or under these Regulations which would otherwise apply to export declarations.

(2) The simplified export declaration process does not apply to an export declaration made in respect of goods which are subject to a transit procedure.

Commencement Information

- I62** Reg. 31 in force at 22.2.2019 for specified purposes, see [reg. 1\(3\)\(c\)](#)
I63 Reg. 31 in force at 31.12.2020 in so far as not already in force by [S.I. 2020/1643](#), [reg. 2](#), [Sch.](#)

Persons authorised to use the simplified export declaration process

32.—(1) A person (“an authorised declarant”) may use the simplified export declaration process if authorised to do so by HMRC.

(2) The eligibility criteria to be so authorised are that the person—

- (a) meets the criteria which apply to be approved as an authorised economic operator ^{M30}, as if reference to suitability to be an authorised economic operator [^{F105} in regulation 93(1)(c) and (d) of CIDEER 2018] were a reference to suitability to be an authorised declarant; and
- (b) demonstrates to an HMRC officer that appropriate procedures are in place such that the person can use the simplified export declaration process competently.

(3) HMRC may give a notice setting out appropriate procedures for the purposes of paragraph (2)(b).

(4) A person who is an authorised economic operator may be authorised as an authorised declarant even if the person does not meet the eligibility criterion in paragraph (2)(b).

(5) An authorisation may be given in respect of an export declaration which—

- (a) is identified in the authorisation, or
- (b) is to be made within a period identified in the authorisation.

(6) The simplified export declaration process must be used in compliance with any conditions contained in the authorisation.

(7) The simplified export declaration process may not be used by a Customs agent ^{M31} in respect of an export declaration where—

- (a) the principal of the agent is an authorised declarant;
- (b) the agent is not an authorised declarant; and
- (c) the agent intends to act as an indirect agent on behalf of the principal in making the export declaration.

M31 See, in relation to Customs agents and indirect agents, section 21 of the Act.

Simplified export declaration and supplementary export declaration

33.—(1) To comply with the simplified export declaration process, an authorised declarant must make the export declaration, in respect of the goods, in two parts, comprising—

- (a) a simplified export declaration, and
- (b) a supplementary export declaration.

(2) But, in the cases specified in regulation 34, a supplementary export declaration is not required.

Status: Point in time view as at 11/05/2021.

Changes to legislation: There are currently no known outstanding effects for the The Customs (Export) (EU Exit) Regulations 2019. (See end of Document for details)

(3) A “simplified export declaration” and a “supplementary export declaration” are the parts of an export declaration, identified accordingly in a public notice given by HMRC Commissioners.

(4) That public notice must specify the information to be contained in, and the documents to accompany, the respective parts.

(5) A simplified export declaration must be made by no later than the end of the period which applies to making the export declaration in respect of the goods.

(6) A supplementary export declaration must be made by no later than—

- (a) where the export declaration relates to more than one consignment of goods, the fourth working day after the end of the calendar month to which the declaration applies; and
- (b) where the export declaration only relates to one consignment of goods, the end of the period of 14 days beginning with the date on which the goods leave the United Kingdom.

^{F106}(7)

(8) The authorised declarant must, by the end of the period which applies to the making of each respective part, make available for inspection by an HMRC officer any documents required to accompany each respective part.

(9) An HMRC officer may, in the case of documents required to accompany the supplementary export declaration, extend that period in accordance with regulation 35.

(10) For the purposes of acceptance of an export declaration, where HMRC makes a determination in respect of the simplified export declaration, it is treated as a determination in respect of the export declaration.

(11) For the purposes of notification of acceptance of an export declaration, a notification by HMRC to the authorised declarant that the simplified export declaration is accepted, is notification of acceptance of the export declaration.

[^{F107}(12) Acceptance and notification of acceptance of the export declaration are to be treated as occurring on completion of the EIDR export process in regulation 36(1) where—

- (a) the conditions of regulation 36 are met; and
- (b) an HMRC officer is satisfied that the goods have been made available for examination in accordance with regulation 40.]

SECTION 2

Simplified export declarations made using the EIDR export process

EIDR export process

- 36.**—(1) “EIDR export process” means to make a simplified export declaration—
 - (a) by way of entering into an EIDR electronic system the simplified export declaration, the information required to be contained in it, and the documents required to accompany it; and
 - (b) which meets the conditions in paragraphs (2) and (3); and

in this regulation that simplified export declaration is referred to as an “applicable simplified export declaration”.

(2) The first condition is that the goods to which the declaration relates must be of a kind set out in a notice which must be given by HMRC.

(3) The second condition is that the goods are not excise goods, within the meaning of regulation 3(1) of the Excise Goods (Holding, Movement & Duty Point) Regulations 2010 ^{M32}.

(4) In paragraph (1), “EIDR electronic system” means, in relation to the export of goods, an electronic system which is—

- (a) operated by the person making the applicable simplified export declaration, and
- (b) used for keeping and maintaining records (“EIDR records”) of the matters referred to in sub-paragraphs (a) and (b) of paragraph (1).

Authorisations to use the EIDR export process

37.—(1) A person may only use the EIDR export process if authorised to do so by HMRC.

(2) A person authorised under paragraph (1) is referred to in this Chapter as “an authorised EIDR export declarant”.

(3) The eligibility criteria to be so authorised are that the person meets the criteria which apply to be approved as an authorised economic operator ^{M33}[^{F108}in regulation 93(1)(c), (d), (e) and (g) of CIDEER 2018], as if reference to suitability to be an authorised economic operator were a reference to suitability to be an authorised EIDR export declarant.

(4) The authorisation that a person is an authorised EIDR export declarant must identify any conditions which apply in respect of using the EIDR export process.

(5) As part of that authorisation, HMRC may determine that goods of a kind specified in it are not required to be made available for examination.

(6) But HMRC or an HMRC officer may subsequently require goods to be made available for examination even if a determination under paragraph (5) has been made.

38.—(1) An authorised EIDR export declarant must, when required to do so by an HMRC officer—

- (a) allow an officer access to the EIDR electronic system operated by the declarant; or
- (b) provide to the officer, from that system, information which the officer reasonably requires in order to verify—
 - (i) EIDR records, or

(2) Where paragraph (1) applies, the goods to which the records relate are not discharged from a common export procedure until—

- (a) the verification has occurred to the HMRC officer's satisfaction; or

[^{F109}Fixed transport installations

38A.—(1) An export declaration for goods exported using a fixed transport installation must be made by or on behalf of the operator of that installation or the consignor of the goods.

(2) Such an operator or consignor is deemed for the purposes of that export as governed by this regulation to be an authorised declarant under regulation 32(1) and an authorised EIDR export declarant under regulation 37(2).

(3) The declaration in paragraph (1) may be made using the simplified export declaration process as modified by this regulation.

(4) Regulation 32(7) applies in relation to that operator or consignee as if the use of the word “not” in both places, the words of sub-paragraph (a), and the words “as an indirect agent” in sub-paragraph (c) are omitted.

(5) But to comply with that simplified process—

- (a) the simplified export declaration in regulation 33(1)(a) must be made not later than as provided for by regulation 33(5) in the light of any relevant stipulation as mentioned in sub-paragraph (c) below;
- (b) the supplementary export declaration in regulation 33(1)(b) must be made not later than the fourth working day after the end of the month in which the export was made in the light of any such stipulation; and
- (c) the operator or consignee must comply with stipulations made in a notice published by HMRC for the purposes of this regulation and the goods in question, about—
 - (i) keeping records and making them available to an HMRC officer,
 - (ii) making declarations for appropriate time periods,
 - (iii) making declarations for given amounts of goods, and
 - (iv) the proper operation of the procedure.

(6) The notices in paragraphs (5)(c) and (12) may be modified, amended, replaced or withdrawn by a further such notice.

(7) An indirect agent making the declaration in paragraph (3) on behalf of the operator or consignee must comply with the stipulations mentioned in paragraph (5)(c).

(8) Where there is compliance with the simplified export declaration process as modified by paragraphs (2), (4), (5)(a) and (b), (6), (7), (11) and (12)—

- (a) the notification by HMRC under regulation 43(1) is presumed given, and
- (b) regulation 50(1) is deemed satisfied.

(9) An operator or consignee who breaches the EIDR procedure as so modified ceases being covered by paragraph (2) in relation to any further such export unless and until an HMRC officer

(10) An agent who breaches the simplified export procedure as so modified ceases being authorised under regulation 37(1), and the authorisation is revoked.

(11) Regulations 10, 31(2), 32(2) to (6), 33(2), 33(6), 33(9) to (11), 34, 35, 36(1)(b), 36(2) and (3), 37(3) to (6), 38(2) and 39 do not apply to such an export.

(12) A single simplified export declaration and its associated supplementary declaration may cover a number of different goods exported using a given fixed transport installation, including goods of different descriptions, but only to the extent permitted in a notice published by HMRC.

(13) A “fixed transport installation” for these purposes is a pipe-line described by section 65 of the Pipe-lines Act 1962 or any technical means used for the continuous transport of electricity, gas or oil.

(14) This regulation only applies in relation to an export if the operator or consignor so elects.

(15) Paragraphs (9) and (10) do not apply to any authorisation except for the purposes of this regulation.

Export declarations for consignments of different types of goods

Export declarations for different types of goods in a consignment

39.—(1) This regulation applies where a consignment is exported which comprises different types of goods.

(2) In particular, goods which are subject to—

- (a) a restriction on ^{F110}export] imposed under an enactment,
- (b) excise duty, or
- (c) different Customs procedures,

are goods of a different type to other goods in the consignment which are not so subject.

(3) If only one export declaration is made in respect of the consignment there is to be treated as made by the declarant a separate export declaration in respect of each different type of goods in the consignment.

(4) For the purposes of paragraph (3), and subject to paragraph (2), one export declaration is to be treated as made in respect of those goods in the consignment which—

- (a) are equivalently classified under the customs tariff ^{M34} with other goods in the consignment; or
- (b) are subject to an application to HMRC for a ruling further to section 24 of the Act to be treated as equivalently classified with other goods in the consignment, which application has not been determined or refused.

Obligation to make goods available for examination

40.—(1) Goods, in respect of which an export declaration has been made, must be made available for examination at an appropriate place within a period of 30 days beginning with the day on which the declaration was made.

(2) But paragraph (1) does not apply to goods which are exported by being transported through a fixed transport installation.

(3) The person who made the export declaration in respect of the goods is required to make the goods available for examination, except if they secure that another person is to do it on their behalf.

(4) If a person secures that another person (“P”) is to make the goods available for examination on their behalf, P is required to make the goods available for examination.

(5) A person required to make goods available for examination must give HMRC a notification setting out when and where the goods are to be made so available.

(6) Further requirements about making the goods available for examination may be specified in a notice given by HMRC including, in particular, the following—

- (a) the method by which goods are to be made available for examination;
- (b) any documents which must be provided when the goods are made available for examination;
- (c) where the goods are to be made available for examination;
- (d) requirements in relation to the notification in paragraph (5), including, for example, the form in which it is to be made; and

(7) In this regulation—

- (a) an “appropriate place” is a place specified in a notice given by HMRC for the examination of goods in respect of which an export declaration has been made; and

F125 Pt. 8A inserted (31.12.2020) by The Taxation (Cross-border Trade) (Miscellaneous Provisions) (EU Exit) Regulations 2019 (S.I. 2019/486), regs. 1(3), **9(20)**; S.I. 2020/1643, reg. 2, Sch.

Interpretation of Part

59A. In this Part—

“export trans-shipment” means the movement, in a temporary storage facility, of goods from a vehicle which brought them into that facility onto a vehicle for the purpose of exporting the goods from the United Kingdom;

“OE notifier” has the meaning given by regulation 59B(5);

“temporary storage declaration” has the same meaning as in regulation 8 of CIDEER 2018; and

“temporary storage facility” has the same meaning as in section 25A(1) of CEMA 1979.

Onward export notifications

59B.—(1) An onward export notification in respect of goods may only be given if—

- (a) a temporary storage declaration has been made in respect of the goods;
- (b) the goods are in a temporary storage facility;
- (c) a Customs declaration has not been made in respect of the goods; and
- (d) an export trans-shipment in respect of the goods has taken place, or the person giving the notification intends for it to take place, before the end of the period of 14 days beginning on the day on which the goods were presented to Customs on import.

(2) An onward export notification in respect of goods must be given to HMRC by a person mentioned in paragraph (3) before the goods are exported.

Status: Point in time view as at 11/05/2021.

Changes to legislation: There are currently no known outstanding effects for the The Customs (Export) (EU Exit) Regulations 2019. (See end of Document for details)

(3) The persons are—

- (a) the person who exports the goods;
- (b) a person on whose behalf another person exports the goods;
- (c) a person who is responsible for the carriage of the goods when they are exported.

(4) For the purposes of paragraph (2), persons mentioned in paragraph (3) are required to give an onward export notification except where another person mentioned in that paragraph has given it prior to the export of the goods.

(5) A person who gives an onward export notification is an “OE notifier”.

(6) An onward export notification must—

- (a) contain the matters specified in a notice given by HMRC; and
- (b) be made in the form and manner specified in the notice.

(7) HMRC must publish that notice and it may include provision, further to paragraph (2), about when the onward export notification must be made.

(8) And it may, for example, specify that details of any of the following be included in an onward export notification—

- (a) the person giving the onward export notification; and
- (b) the goods.

(9) When an onward export notification is given in respect of goods, the OE notifier is deemed to have given a notification of export of the goods.

Amendment and withdrawal of onward export notifications

59C.—(1) An OE notifier may amend or withdraw an onward export notification given by the OE notifier, except where paragraphs (2) and (3) apply.

(2) No amendment may be made after an HMRC officer has informed the OE notifier that the officer is satisfied that the goods may be exported.

(3) No amendment may be made after the time when an HMRC officer informs the OE notifier that the officer—

- (a) intends to examine the goods, or
- (b) has established that the contents of the onward export notification are incorrect.

(4) But paragraph (3) does not apply in relation to an amendment required under regulation 58(2) (customs agents: disclosure of withdrawal of an appointment).

Onward export notifications treated as withdrawn

59D. An onward export notification in respect of goods is treated as withdrawn if—

- (a) an export trans-shipment of the goods does not take place before the end of the period of 14 days beginning on the day on which the goods were presented to Customs on import; or
- (b) the goods were not exported before the end of the period of 90 days beginning with the day on which the goods were presented to Customs on import.

Onward export of goods

59E.—(1) Paragraph (2) applies in relation to goods in respect of which an onward export notification has been given.

(2) The goods may only be exported if—

- (a) an HMRC officer is satisfied that the goods may be exported; and

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations are made by the Treasury further to Part 1 of the Taxation (Cross-border Trade) Act 2018 (c. 22) (“the Act”). This is an EU Exit statutory instrument.

Part 1 (introductory provisions)

Part 1 provides for citation and commencement and interpretation of terms used in these Regulations. These Regulations will be brought into force in relation to approvals and authorisations on 22nd February 2019 and the remainder by way of a separate statutory instrument made under section 52 of the Act.

Part 2 (goods exported in accordance with applicable export provisions procedure)

Part 2 makes provision further to that contained in section 35 of the Act in relation to a procedure for the purposes of the applicable export provisions. In particular it provides for an export of goods to be in accordance with a procedure for those purposes where the goods are declared for a common export procedure or deemed to have been made in accordance with a procedure. The Part defines a “common export procedure” and sets out the cases where goods are deemed to have been exported in accordance with a procedure.

Part 3 (goods exempt from applicable export provisions)

Part 3 specifies the cases where goods are not required to be exported in accordance with the applicable export provisions.

Part 4 (export declarations)

Part 4 makes provision about export declarations. Export declarations are declarations, in respect of goods, for a common export procedure. They are not Customs declarations for the purposes of the Act, although many of the provisions in this Part are similar to those made about Customs declarations in Schedule 1 to the Act (to a greater or lesser extent) and regulations made under it in the Customs (Import Duty) (EU Exit) Regulations 2018 (S.I. 2018/1248) (“CIDEER 2018”).

Chapter 1 makes provisions about the interpretation of the Part. Chapter 2 sets out the obligation to make export declarations and certain circumstances in which export declarations may be made after goods are exported. Chapter 3 is about eligibility of persons to make export declarations, including the circumstances in which a person is required to be established in the United Kingdom (see also regulation 3, in respect of persons established in the United Kingdom). Chapter 4 makes provision about the form of export declarations and how they are made. Generally, they are to be made in an electronic form although there are specified cases where export declarations may be made orally, by conduct or in paper form. Chapter 5 makes provision about the contents of export declarations and allows HMRC to give notices about it.

Chapter 6 makes provision concerning the simplified export declaration process by way of making an export declaration in two parts, a simplified export declaration and a supplementary export declaration. Provision about who may use the process, when the parts of the export declaration must be made and cases where a supplementary Customs declaration is not required are all similar to equivalent provisions, in relation to the import of goods, made under the Act. The chapter also makes provision in relation to the EIDR export process which, with the necessary changes, is

similar to the EIDR procedure provided for in CIDEER 2018. The requirements for persons to use the EIDR export process are the same as for the EIDR procedure. Chapter 7 makes provision about the treatment of consignments which comprise different types of goods.

Chapter 8 is about the obligation to make goods available for examination, including when this is to take place, who is required to do it, and notifications which must be sent to HMRC about when and where the goods are to be made available for examination. Further provision about this may be specified by HMRC in a notice. Chapter 9 makes provision about control of the goods. Chapter 10 makes provision about acceptance of export declarations and Chapter 11 makes provision about verifying them.

Chapter 12 is about the amendment and withdrawal of export declarations and includes provision to treat export declarations as withdrawn where goods are not exported within 150 days of the release to a common export procedure. Chapter 13 provides that goods are released to the procedure when HMRC accepts an export declaration and any other requirements specified in an HMRC notice are met. There is also provision about circumstances when HMRC must not release goods to a common export procedure. Chapter 14 is about discharging goods from a common export procedure.

Part 5 (presentation)

Part 5 makes provision further to that contained in section 34 of the Act in relation to the presentation of goods to Customs on export. It makes provision for the goods which must be presented to Customs on export, includes who is required to give notification of the export of goods to HMRC, and when it is to be given. There is also provision for the contents of a notification and documents which may accompany it, as well as other matters, to be set out in a public notice given by HMRC Commissioners.

Part 6 (goods exported from RoRo listed locations)

Part 6 makes special provision for goods carried on certain vehicles (RoRo vehicles) in respect of locations specified in a notice made by HMRC (RoRo listed locations). It relies on the same definitions of those terms as those provided for by CIDEER 2018. The special provision includes modifying provisions which apply to export declarations as well as dissolving the obligation to make the goods available for examination, other than in certain circumstances, as well as other provision.

Part 7 (Customs agents)

Part 7 applies section 21(1) to (4) of the Act to provide that Customs agents may act in respect of export declarations. And it applies section 37(8) of the Act including provision related to the application of section 21 to these Regulations. It also replicates, with minor modifications, provisions in Part 8 of CIDEER 2018 about Customs agents.

Part 8 (approvals and authorisations and authorised economic operators)

Part 8 applies provisions about approvals and authorisations and authorised economic operators in Part 9 of CIDEER 2018 to these Regulations with minor modifications.

Part 9 (declarations for the outward processing procedure)

Part 9 amends the Customs (Special Procedures and Outward processing) (EU Exit) Regulations 2018 (S.I. 2018/1249) by omitting paragraphs in regulation 13 about declarations of an outward processing procedure and inserting a new regulation 13A, which makes further provision about those declarations to apply provisions in these Regulations with modifications.

Status: Point in time view as at 11/05/2021.

Changes to legislation: There are currently no known outstanding effects for the The Customs (Export) (EU Exit) Regulations 2019. (See end of Document for details)

Part 10 (amendments of CIDEER 2018)

Part 10 makes amendments to CIDEER 2018 in relation to goods which retain their domestic status on export. There are also amendments to extend provisions about fees (Part 9 of CIDEER 2018) to certain things done under these Regulations.

Part 11 (transitional and saving provisions)

Part 11 makes transitional and savings provision. It provides for cases where EU legislation, which would otherwise cease to have effect due to paragraph 1(1) of Schedule 7 to the Act, continues to have effect with modifications in specified cases on or after exit day.

This instrument will be covered by an overarching HMRC impact assessment (second edition) which will be published and available on the website at <https://www.gov.uk/government/collections/customs-vat-and-excise-regulations-leaving-the-eu-with-no-deal>.
