**6. Legislative Context**

- 6.1 The Commission has power under section 59 of the Local Democracy, Economic Development and Construction Act 2009 (the 2009 Act) to make an order giving effect to recommendations contained in a report, prepared under section 58(4) of the 2009 Act, after conducting an electoral review under section 56(1) of that Act. This instrument is being made to give effect to the Commission's recommendations for new electoral arrangements set out in its report prepared following an electoral review of Cornwall Council.

**7. Policy background**

*What is being done and why?*

- 7.1 The purpose of an electoral review is to decide on the appropriate electoral arrangements including the number of councillors and the names, number and

boundaries of wards or divisions for a specific local authority. The Commission began the electoral review of Cornwall Council in June 2017. The Commission decided to conduct the review at the request of Cornwall Council. The authority also met the Commission's intervention criteria as, based on the December 2016 electorate figures, 30% of divisions had an electoral variance of greater than 10% from the average for the authority.

- 7.2 An electoral review aims to ensure that the number of electors represented by each county or district councillor is as close to equal as possible, but the recommendations must also have regard to community identities and interests and the need for effective and convenient local government. To achieve these aims, the Commission tries to ensure that the number of electors per councillor in every division or ward is as close as possible to the average for the authority, but is happy to show flexibility in moving away from the average based on the evidence provided during the consultation stages of the review. Following a four-stage review process the Commission published its 'Final recommendations – 'New electoral arrangements for Cornwall Council'<sup>1</sup> on 4 December 2018.
- 7.3 The Order provides for changes to the electoral arrangements for Cornwall Council at the county elections in 2021 as recommended by the Commission. The existing divisions of the council will be replaced by 87 new ones. Each of the 87 divisions will return a single councillor. The Commission considered that the evidence received justified three divisions having electoral variances of greater than 10% from the authority average by 2023.
- 7.4 Under section 56 of the 2009 Act, whenever the Commission recommends changes to the electoral arrangements for a borough, district or county council it must also recommend whether, in consequence of those changes, any changes should be made to the electoral arrangements for any parish council that is within the authority. Among other things, under Schedule 2 to that Act, recommendations must ensure that no parish ward is split between new divisions, and under section 56 of that Act, recommendations must be made regarding the number of parish councillors for each parish ward.
- 7.5 Consequently, in addition to making changes to the electoral arrangements for the county the Order also, where necessary, makes provision with respect to the establishment of new parish wards and sets the number of parish councillors for each of those parish wards.

## **8. European Union (Withdrawal) Act/Withdrawal of the United Kingdom from the European Union**

- 8.1 This instrument does not relate to withdrawal from the European Union.

## **9. Consolidation**

- 9.1 This Instrument does not amend or revoke any legislation.

## **10. Consultation outcome**

- 10.1 The Order gives effect to recommendations that were consulted on during the review of electoral arrangements from June 2017 to September 2018. During the course of the review, the Commission received approximately 921 representations. The consultations involved the County Council, parish and town councils, local MPs, local residents and other interested parties. There was an initial eight-week consultation, during which the Commission asked for submissions on the most appropriate number of councillors, followed by a 21-week consultation on division boundaries for the county. The Commission considered that a council size of 87 would ensure effective and convenient local government for the authority. Having considered the submissions received, the Commission published its ‘Draft recommendations - New electoral arrangements for Cornwall Council’<sup>2</sup> on 5 June 2018. Following a 15-week consultation on the draft recommendations, the Commission considered the further evidence received and published its final recommendations.
- 10.2 In response to the consultation on the draft recommendations, the Commission modified its recommendations in a number of areas. The Commission made a minor alteration to the boundary between the Feock & Kea and Truro Boscawen & Redannick divisions, as a result of evidence received. The Commission also made an alteration to include the entirety of St Dennis parish in the same division. In Bodmin and Wadebridge, the Commission amended the boundaries of divisions where it received evidence that justified alterations to the draft recommendations. The Commission also moved the parish of St Pinnock into the Liskeard South & Dobwalls division, and made changes to a number of divisions in the west of Cornwall. The Commission also recommended minor amendments in Torpoint and Saltash. In Bude, the Commission moved away from its draft recommendations to recommend a pattern of divisions that were more reflective of the communities in the area. It also renamed 17 divisions.
- 10.3 The Commission confirmed its draft recommendations for the remainder of the county as final.
- 10.4 A detailed analysis of the outcome of the consultation is set out in the report ‘Final recommendations - New electoral arrangements for Cornwall Council’ which is available at <http://s3-eu-west-2.amazonaws.com/lgbce/Reviews/South%20West/Cornwall/Cornwall/Final%20Recs/Cornwall%20Report%20Web.pdf>

## **11. Guidance**

- 11.1 The Commission does not intend to issue any guidance alongside this instrument. This is not considered necessary as the Order is self-explanatory and gives effect to recommendations following consultation with interested parties as to the changes to electoral arrangements.

## **12. Impact**

- 12.1 There is no impact on business, charities or voluntary bodies.

12.2 The impact on the public sector will be limited to the area for which the Order makes provision. The one-off cost of producing the map referred to by the instrument is to be funded by the Commission. The one-off cost of amending the electoral register to reflect the new wards is to be funded by Cornwall Council.

12.3 An Impact Assessment has not been prepared for this instrument.

### **13. Regulating small business**

13.1 The legislation does not apply to activities that are undertaken by small businesses.

### **14. Monitoring & review**

14.1 The Commission will have no role in monitoring the Council's implementation of the Cornwall (Electoral Changes) Order 2019. The Commission is not required to undertake such monitoring; that is a matter for the relevant officers of Cornwall Council. The Order will be reviewed insofar as the Commission continually monitors local authorities in England to identify any that meet its criteria for electoral reviews.
