6. Legislative Context

- 6.1 The Commission has power under section 59 of the Local Democracy, Economic Development and Construction Act 2009 (the 2009 Act) to make an order giving effect to recommendations contained in a report, prepared under section 58(4) of the 2009 Act, after conducting an electoral review under section 56(1) of that Act. This instrument is being made to give effect to the Commission's recommendations for new electoral arrangements set out in its report prepared following an electoral review of Salford City Council.

7. Policy background

What is being done and why?

- 7.1 The purpose of an electoral review is to decide on the appropriate electoral arrangements including the number of councillors and the names, number and

boundaries of wards or divisions for a specific local authority. The Commission began the electoral review of Salford City Council in June 2018. The Commission decided to conduct the review as, based on the December 2016 electorate figures, 25% of wards had an electoral variance of greater than 10% from the average for the authority and one ward, Ordsall had a variance of greater than 30%.

- 7.2 An electoral review aims to ensure that the number of electors represented by each county or district councillor is as close to equal as possible, but the recommendations must also have regard to community identities and interests and the need for effective and convenient local government. To achieve these aims, the Commission tries to ensure that the number of electors per councillor in every division or ward is as close as possible to the average for the authority, but is happy to show flexibility in moving away from the average based on the evidence provided during the consultation stages of the review. Following a four-stage review process the Commission published its ‘New electoral arrangements for Salford City Council - Final recommendations’¹ on 26 March 2019.
- 7.3 The Order provides for changes to the electoral arrangements for Salford City Council at the city elections in 2020 as recommended by the Commission. The existing wards of the council will be replaced by 20 new ones that will all return three councillors.
- 7.4 Under section 56 of the 2009 Act, whenever the Commission recommends changes to the electoral arrangements for a council it must also recommend whether, in consequence of those changes, any changes should be made to the electoral arrangements for any parish council that is within the authority. Among other things, under Schedule 2 to that Act, recommendations must ensure that no parish ward is split between new city wards, and under section 56 of that Act, recommendations must be made regarding the number of parish councillors for each parish ward.
- 7.5 Given that Salford does not contain any parishes, the Order does not provide for any revised parish electoral arrangements.

8. European Union (Withdrawal) Act/Withdrawal of the United Kingdom from the European Union

- 8.1 This instrument does not relate to withdrawal from the European Union.

9. Consolidation

- 9.1 This Instrument does not amend or revoke any legislation.

10. Consultation outcome

- 10.1 The Order gives effect to recommendations that were consulted on during the review of electoral arrangements from June 2018 to January 2019. During the course of the review, the Commission received approximately 85 representations. The consultations involved the City Council, local MPs, local residents and other interested parties. There was an initial 10-week consultation, during which the Commission asked for proposals on the most appropriate number of councillors and ward boundaries for the

city. The Commission considered that a council size of 60 would ensure effective and convenient local government for the authority. Having considered the submissions received, the Commission published its ‘New electoral arrangements for Salford City Council - Draft recommendations’² on 6 November 2018. Following a 10-week consultation on the draft recommendations, the Commission considered the further evidence received and published its final recommendations.

- 10.2 In response to the consultation on the draft recommendations, the Commission modified its recommendations for the wards of Worsley & Westwood Park, Barton & Winton, and Higher Irlam & Peel Green because of local evidence of community identities and interests received during consultation.
- 10.3 The Commission confirmed its draft recommendations for the remainder of the city as final.
- 10.4 A detailed analysis of the outcome of the consultation is set out in the report ‘New electoral arrangements for Salford City Council - Final recommendations’ which is available at <http://s3-eu-west-2.amazonaws.com/lgbce/Reviews/North%20West/Greater%20Manchester/Salford/Final%20Recs/Salford%20Reprt%20Web.pdf>.

11. Guidance

- 11.1 The Commission does not intend to issue any guidance alongside this instrument. This is not considered necessary as the Order is self-explanatory and gives effect to recommendations following consultation with interested parties as to the changes to electoral arrangements.

12. Impact

- 12.1 There is no impact on business, charities or voluntary bodies.
- 12.2 The impact on the public sector will be limited to the area for which the Order makes provision. The one-off cost of producing the map referred to by the instrument is to be funded by the Commission. The one-off cost of amending the electoral register to reflect the new wards is to be funded by Salford City Council.
- 12.3 An Impact Assessment has not been prepared for this instrument.

13. Regulating small business

- 13.1 The legislation does not apply to activities that are undertaken by small businesses.

14. Monitoring & review

- 14.1 The Commission will have no role in monitoring the Council’s implementation of the Salford (Electoral Changes) Order 2019. The Commission is not required to undertake such monitoring; that is a matter for the relevant officers of Salford City Council. The Order will be reviewed insofar as the Commission continually monitors local authorities in England to identify any that meet its criteria for electoral reviews.
