

EXPLANATORY MEMORANDUM TO
THE OCCUPATIONAL AND PERSONAL PENSION SCHEMES (AMENDMENT
ETC.) (EU EXIT) REGULATIONS 2019

2019 No. 192

AND

THE OCCUPATIONAL AND PERSONAL PENSION SCHEMES (AMENDMENT
ETC.) (NORTHERN IRELAND) (EU EXIT) REGULATIONS 2019

2019 No. 193

1. Introduction

- 1.1 This explanatory memorandum has been prepared by the Department for Work and Pensions and is laid before Parliament by Command of Her Majesty.
- 1.2 This memorandum contains information for the Joint Committee on Statutory Instruments.

2. Purpose of the instrument

- 2.1 These instruments make minor and technical changes to United Kingdom (UK) pensions legislation to ensure retained European Union (EU) law continues to operate effectively, and to address other deficiencies arising from the withdrawal of the UK from the EU.

Explanations

What did any relevant EU law do before exit day?

- 2.2 Current UK legislation governing occupational and personal pension schemes operates on a tripartite system differentiating between three territories: the UK, the 'European Economic Area' (EEA) and 'overseas'. This differentiation reflects any special arrangements for occupational pension schemes made as a result of the UK being an EU or EEA Member State. This includes participation in the EU's cross-border regime for occupational pension provision, which also requires reciprocal arrangements for the sharing of information between the pensions regulators of EEA Member States relevant to cross-border activity. Broadly, cross-border activity is when an employer in one Member State selects to base their occupational pension scheme in another Member State.

Why is it being changed?

- 2.3 These changes are being made as part of the Government's wider planning in the event the UK leaves the EU without a withdrawal agreement in place. The European Union (Withdrawal) Act 2018 ("EUWA")¹ repeals the European Communities Act 1972² and converts into UK domestic law the existing body of directly applicable EU

¹ <http://www.legislation.gov.uk/ukpga/2018/16/contents/enacted>

² <https://www.legislation.gov.uk/ukpga/1972/68/contents>

law and UK laws relating to EU membership e.g. legislation implementing EU Directives. This body of law is referred to as “retained EU law”. The EUWA also gives ministers a power to prevent, remedy or mitigate any failure of EU law to operate effectively, or any other deficiency in retained EU law, through statutory instruments.

What will it now do?

- 2.4 The instruments correct any elements of the UK’s occupational and personal pensions legislation that will not work effectively after the UK departs the EU. This includes where distinctions have been made between EU or EEA Member States and overseas entities that will no longer apply, where the UK is referred to as a EU or EEA Member State, or where the UK is obliged to share data with EU agencies or Member States under reciprocal arrangements that will no longer apply.
- 2.5 Since the UK will no longer be a member of the EU or EEA after it withdraws from the EU, UK occupational pension schemes will no longer need to obtain authorisation from the Pensions Regulator for cross-border activities. These instruments make the necessary changes to UK legislation to remove this requirement.
- 2.6 The legislation that will be changed by these instruments is contained in paragraph 6.3 of this Explanatory Memorandum.

3. Matters of special interest to Parliament

Matters of special interest to the Joint Committee on Statutory Instruments

- 3.1 These regulations were originally laid before Parliament on 24 October 2018 with a provision (regulation 29) which needed correction, in particular in relation to the definition of a “regulated market”. The draft regulations were withdrawn and are now re-laid. The original draft regulations intended to make changes to legislation that would otherwise no longer operate effectively in the event the UK leaves the EU without a Withdrawal Agreement in place. However, feedback and engagement with industry stakeholders identified an unintended consequence of the draft regulations, which could lead to occupational pension schemes having to disinvest from regulated markets outside of the UK. As this is not the policy intent, the amendment at regulation 29 has been redrafted so that it addresses the unintended consequence by extending the definition of regulated market to include UK, EEA and other regulated markets. A corresponding change has been made to the Northern Ireland instrument.

Matters relevant to Standing Orders Nos. 83P and 83T of the Standing Orders of the House of Commons relating to Public Business (English Votes for English Laws)

- 3.2 The Occupational and Personal Pension Schemes (Amendment etc.) (EU Exit) Regulations 2019 apply to the UK.
- 3.3 The Occupational and Personal Pension Schemes (Amendment etc.) (Northern Ireland) (EU Exit) Regulations 2019 apply to Northern Ireland.

4. Extent and Territorial Application

- 4.1 The territorial extent of The Occupational and Personal Pension Schemes (Amendment etc.) (EU Exit) Regulations 2019 is the United Kingdom.
- 4.2 The territorial application of The Occupational and Personal Pension Schemes (Amendment etc.) (EU Exit) Regulations 2019 is the United Kingdom.

- 4.3 The territorial extent of The Occupational and Personal Pension Schemes (Amendment etc.) (Northern Ireland) (EU Exit) Regulations 2019 is Northern Ireland.
- 4.4 The territorial application of The Occupational and Personal Pension Schemes (Amendment etc.) (Northern Ireland) (EU Exit) Regulations 2019 is Northern Ireland.

5. European Convention on Human Rights

- 5.1 The Parliamentary Under Secretary of State for Pensions and Financial Inclusion, Guy Opperman, has made the following statement regarding Human Rights:

“In my view the provisions of The Occupational and Personal Pension Schemes (Amendment etc.) (EU Exit) Regulations 2019 and The Occupational and Personal Pension Schemes (Amendment etc.) (Northern Ireland) (EU Exit) Regulations 2019 are compatible with the Convention rights.”

6. Legislative Context

- 6.1 The UK is leaving the EU. These instruments have been made as part of the Government’s planning to enable UK law to continue to operate in the event that the UK leaves the EU without a withdrawal agreement in place. They are designed to correct any elements of the UK’s occupational and personal pensions legislation that will not work effectively after the UK departs the EU. This includes where distinctions have been made between EU Member States and other countries that will no longer apply, where the UK is referred to as a EU Member State, or where the UK is obliged to share data with EU agencies or Member States as part of reciprocal arrangements that will no longer apply.
- 6.2 Part 2 of these instruments amends primary legislation (and Orders in Council in relation to the Northern Ireland instrument), Part 3 amends secondary legislation and Part 4 revokes secondary legislation that will be redundant when the UK withdraws from the EU. This includes revoking the Occupational Pension Schemes (Cross-Border Activities) Regulations 2005³ (and corresponding Northern Ireland Regulations⁴). These regulations provide details of a requirement for schemes based in an EEA country to be authorised under particular conditions before carrying out, or continuing, cross-border activities in another EEA country. The UK will no longer be a Member State after it leaves the EU so these regulations will be redundant.
- 6.3 The Occupational and Personal Pension Schemes (Amendment etc.) (EU Exit) Regulations 2019 make changes to the following:

- The Pension Schemes Act 1993

6.4 The Occupational and Personal Pension Schemes (Amendment etc.) (Northern Ireland) (EU Exit) Regulations 2019 make equivalent and relevant changes to corresponding existing Northern Ireland legislation

7. Policy background

What is being done and why?

- 7.1 These instruments do not make policy changes but are designed to ensure that UK law in the field of occupational and personal pensions continues to operate effectively in the event that the UK exits the EU without a withdrawal agreement in place.
- 7.2 The UK is not reliant on any European institutions or agencies for essential functions in respect of private pensions such as approvals, licences, decisions or rights. The Pensions Regulator’s powers are derived from UK law. This means that the UK does not need to create any legislation to replicate domestically any EU level activities relating to occupational and personal pensions after the UK’s exit from the EU. However, the UK must ensure that its legislation relating to occupational and personal pensions does not rely on any definitions, obligations or reciprocal arrangements that will no longer apply once the UK is no longer an EU or EEA Member State.

Cross-border Occupational Pension Schemes

- 7.3 The EU’s Directive on the Activities and Supervision of Institutions for Occupational Retirement Provision, (Directive 2003/41/EC, commonly known as “IORP I”)⁵ introduced a requirement for occupational pension schemes located in one EU Member State with members employed in another EU Member State to obtain authorisation for this cross-border activity, if they met certain criteria, from the relevant competent authority (which in the UK is the Pensions Regulator). This requirement was transposed into UK domestic law through The Pensions Act 2004⁶ and consequential regulations (and corresponding Northern Ireland legislation⁷).
- 7.4 The IORP I Directive was adopted by the other EEA States (Norway, Iceland and Liechtenstein) in 2006 and the requirement to obtain authorisation for cross-border activity extended to all EEA Member States via the Occupational Pension Schemes

⁷ <http://www.legislation.gov.uk/nisi/2005/255/contents>. An updated version of this legislation is available on the Department for Communities Blue Volumes website (<http://iaccess.communities-ni.gov.uk/sspldbluevolumesinternet/users/internetsearchpage.aspx>).

(EEA States) Regulations 2007 (SI 2007/3014)⁸ (and corresponding Northern Ireland Regulations⁹).

- 7.5 The cross-border authorisation regime requires reciprocal arrangements for the sharing of information between the pensions regulators of EEA Member States relevant to the cross-border activities of an authorised occupational pension scheme. On exit from the EU and the EEA, the UK's occupational pension schemes will no longer meet the criteria to obtain authorisation for cross-border activity and the reciprocal arrangements for sharing information between national regulators will fall away.
- 7.6 UK private occupational pension schemes accepting contributions from other countries will still be subject to section 66A(3) of the Pensions Act 1995¹⁰ (and corresponding Northern Ireland legislation¹¹), which provides that schemes must treat non-UK members in the same way as members who work wholly in the UK in relation to contribution and membership entitlements.
- 7.7 These regulations therefore remove the requirement for occupational pension schemes to obtain authorisation from the Pensions Regulator for cross-border activities from the Pensions Act 2004 and consequential regulations (and corresponding Northern Ireland legislation).
- 7.8 The Occupational and Personal Pension Schemes (Amendment etc.) (Northern Ireland) (EU Exit) Regulations 2019 apply to policy areas which are a transferred matter for Northern Ireland under the Northern Ireland Act 1998¹². The UK Government remains committed to restoring devolution in Northern Ireland. This is particularly important in the context of EU Exit where we want devolved Ministers to take the necessary actions to prepare Northern Ireland for exit. We have been considering how to ensure a functioning statute book across the UK including in Northern Ireland for exit day in the absence of a Northern Ireland Executive. With exit day less than one year away, and in the continued absence of a Northern Ireland Executive, the window to prepare Northern Ireland's statute book for exit is narrowing. UK Government Ministers have therefore decided that in the interest of legal certainty in Northern Ireland, the UK Government will take through the necessary secondary legislation at Westminster for Northern Ireland, in close consultation with the Northern Ireland departments. This is one such instrument.

8. European Union (Withdrawal) Act/Withdrawal of the United Kingdom from the European Union

- 8.1 These instruments are being made using the power in section 8 of the European Union (Withdrawal) Act 2018 in order to address failures of retained EU law to operate effectively or other deficiencies arising from the withdrawal of the United Kingdom from the European Union. In accordance with the requirements of that Act the Minister has made the relevant statements as detailed in annexes B and C of Part 2 of this Explanatory Memorandum.

9. Consolidation

- 9.1 No further consolidation of these instruments is planned. Informal consolidated text of instruments is available to the public free of charge via ‘the National Archive’ website <https://legislation.gov.uk/>.
- 9.2 Informal consolidated text of pension law in Northern Ireland is available free of charge to the public via the Department for Communities website <http://iaccess.communities-ni.gov.uk/sspldbluevolumesinternet/users/internetsearchpage.aspx>

10. Consultation outcome

- 10.1 A formal consultation was not considered necessary for these changes as there is no policy change and they make only minor and technical amendments designed to ensure UK legislation operates effectively on the day the UK leaves the EU without a withdrawal agreement in place. DWP collaborated with Northern Ireland policy officials in developing this Explanatory Memorandum and the instruments. The Department for Communities agreed the text of the proposed amendments. However, as referenced in paragraph 3.1, the Department did engage with and respond to industry concerns over one aspect of the draft regulations that created an unintended consequence.

11. Guidance

- 11.1 The Pensions Regulator will provide guidance to the small number of UK pension schemes which are currently authorised for ‘cross-border activity’ within the EU.

12. Impact

- 12.1 There is no, or no significant, impact on business, charities or voluntary bodies.
- 12.2 There is no, or no significant, impact on the public sector.
- 12.3 A formal Regulatory Impact Assessment has not been prepared for these instruments because they only make technical changes to UK legislation that would otherwise no longer operate effectively in the event the UK leaves the EU without a Withdrawal Agreement in place. If elements of the UK’s occupational and personal pensions legislation did not work effectively after the UK departs the EU it would result in associated costs on all involved parties, e.g. extra resource invested trying to clarify the situation. These instruments make the necessary changes needed to avoid this situation, and on this basis are assessed to be at least cost-neutral or beneficial, on balance, to all involved parties.

13. Regulating small business

- 13.1 The legislation applies to activities that are undertaken by small businesses.
- 13.2 No specific action is proposed to minimise regulatory burdens on small businesses.
- 13.3 This is because there is little to no significant burden made on small businesses.

14. Monitoring & review

- 14.1 As these instruments are made under the European Union (Withdrawal) Act 2018, no review clause is required.

15. Contact

- 15.1 Nada Balasingham at the Department for Work and Pensions Telephone: 0207 449 5276 and email: Nada.Balasingham@dwp.gsi.gov.uk, can be contacted with any queries regarding the instrument.
- 15.2 Fiona Walker, Deputy Director for Private Pensions and Arm's Length Bodies at the Department for Work and Pensions can confirm that this Explanatory Memorandum meets the required standard.
- 15.3 Guy Opperman, Parliamentary Under Secretary of State for Pensions and Financial Inclusion, at the Department for Work and Pensions can confirm that this Explanatory Memorandum meets the required standard.
