The Nuclear Safeguards (EU Exit) Regulations 2019

PART 2

Accountancy and control, records and the provision of information by an operator

Reporting of nuclear transformations

18.—(1) In respect of a qualifying nuclear facility, which contains a reactor, an operator must include in the inventory change report calculated data on nuclear transformations and include this data on or before the time when irradiated fuel is transferred from the reactor material balance area.

(2) In addition, the ONR may specify alternative procedures for recording and reporting nuclear transformations in the particular safeguard provisions.
