6. Legislative Context

- 6.1 The Commission has power under section 59 of the Local Democracy, Economic Development and Construction Act 2009 (the 2009 Act) to make an order giving effect to recommendations contained in a report, prepared under section 58(4) of the 2009 Act, after conducting an electoral review under section 56(1) of that Act. This instrument is being made to give effect to the Commission's recommendations for new electoral arrangements set out in its report prepared following an electoral review of Merton Council.

7. Policy background

What is being done and why?

- 7.1 The purpose of an electoral review is to decide on the appropriate electoral arrangements including the number of councillors and the names, number and

boundaries of wards or divisions for a specific local authority. The Commission began the electoral review of Merton Council in May 2019. The Commission decided to conduct the review as its last review was completed in 2000 and the Commission is required to review the electoral arrangements of every council in England ‘from time to time’. Additionally, based on the December 2018 electorate figures, 20% of wards had an electoral variance of greater than 10% from the average for the authority.

- 7.2 An electoral review aims to ensure that the number of electors represented by each county, borough or district councillor is as close to equal as possible, but the recommendations must also have regard to community identities and interests and the need for effective and convenient local government. To achieve these aims, the Commission tries to ensure that the number of electors per councillor in every division or ward is as close as possible to the average for the authority, but is happy to show flexibility in moving away from the average based on the evidence provided during the consultation stages of the review. Following a six-stage review process the Commission published its ‘Final recommendations – ‘New electoral arrangements for Merton Council’¹ on 29 September 2020
- 7.3 The Order provides for changes to the electoral arrangements for Merton Council at the borough elections in 2022 as recommended by the Commission. The existing wards of the council will be replaced by 20 new ones. 17 wards will each return three councillors, three wards will return two councillors.
- 7.4 Under section 56 of the 2009 Act, whenever the Commission recommends changes to the electoral arrangements for a borough, district or county council it must also recommend whether, in consequence of those changes, any changes should be made to the electoral arrangements for any parish council that is within the authority. Among other things, under Schedule 2 to that Act, recommendations must ensure that no parish ward is split between new borough, and under section 56 of that Act, recommendations must be made regarding the number of parish councillors for each parish ward.
- 7.5 The Commission did not make any recommendations in this respect, during the electoral review.

8. European Union (Withdrawal) Act/Withdrawal of the United Kingdom from the European Union

- 8.1 This instrument does not relate to withdrawal from the European Union.

9. Consolidation

- 9.1 This Instrument does not amend or revoke any legislation.

10. Consultation outcome

- 10.1 The Order gives effect to recommendations that were consulted on during the review of electoral arrangements from June 2019 to July 2020. During the course of the review, the Commission received approximately 600 representations. The

consultations involved Merton Council, local MPs, local residents and other interested parties. There was an initial 12-week consultation, during which the Commission asked for proposals on the most appropriate number of councillors and ward boundaries for the borough. The Commission considered that a council size of 57 would ensure effective and convenient local government for the authority. Having considered the submissions received, the Commission published its ‘New electoral arrangements for Merton Council – Draft Recommendations’² on 17 December 2019. Following a 12-week consultation on the draft recommendations, the Commission decided to publish further draft recommendations for two wards in the north-east of Merton, These were subject to a further 6 weeks consultation, after which the Commission considered the further evidence received and published its final recommendations.

- 10.2 In response to the consultation on the draft and further draft recommendations, the Commission modified its recommendations for several wards, in order to better reflect community identities, and utilise stronger, more identifiable boundaries. It recommended that the proposed Trinity ward be renamed Wimbledon Town & Dundonald.
- 10.3 The Commission confirmed its draft recommendations for the remainder of the borough as final.
- 10.4 A detailed analysis of the outcome of the consultation is set out in the report ‘Final recommendations - New electoral arrangements for Merton Council’. As indicated in the Order, the mapping referred to in the Order is normally accessible at all reasonable times at the Commission’s offices. Given the current Covid-19 situation, the Commission’s offices are closed and the viewing of a hard copy of the map at its offices is not possible at this time. However, if any person wishes to view the map, the Commission will consider this and seek to make appropriate arrangements. Moreover, the relevant map, as well as the report is accessible on our website which is available at: <https://www.lgbce.org.uk/all-reviews/greater-london/greater-london/merton>.

11. Guidance

- 11.1 The Commission does not intend to issue any guidance alongside this instrument. This is not considered necessary as the Order is self-explanatory and gives effect to recommendations following consultation with interested parties as to the changes to electoral arrangements.

12. Impact

- 12.1 There is no impact on business, charities or voluntary bodies.
- 12.2 The impact on the public sector will be limited to the area for which the Order makes provision. The one-off cost of producing the map referred to by the instrument is to be funded by the Commission. The one-off cost of amending the electoral register to reflect the new wards is to be funded by Merton Council.
- 12.3 An Impact Assessment has not been prepared for this instrument.

13. Regulating small business

13.1 The legislation does not apply to activities that are undertaken by small businesses.

14. Monitoring & review

14.1 The Commission will have no role in monitoring the Council's implementation of the London Borough of Merton (Electoral Changes) Order 2020. The Commission is not required to undertake such monitoring; that is a matter for the relevant officers of Merton Council. The Order will be reviewed insofar as the Commission continually monitors local authorities in England to identify any that meet its criteria for electoral reviews.
