### **EXPLANATORY NOTE**

(This note is not part of the Order)

Section 1K of the Taxation of Chargeable Gains Act 1992 (c.12) ("TCGA") provides that if an individual is (or would be but for section 1K) chargeable to capital gains tax for a tax year on chargeable gains, the annual exempt amount ("AEA") for the year is to be deducted from those gains (but no further than necessary to eliminate those chargeable gains). Subsection (2) of that section specifies the AEA as £12,000. Section 1L of the TCGA provides that if the consumer prices index ("CPI") for the September before the start of a tax year is higher than it was for the previous September the AEA is increased accordingly by the same percentage as the rise in that index, rounded up to the nearest £100.

Subsection (2) of section 1L requires the Treasury to make an Order before the start of any tax year for which the AEA is increased by section 1L, setting out the AEA for that year. The AEA for 2019-20 was £12,000. This Order shows that the AEA for the tax year 2020-21 is £12,300.

The 12 month percentage increase in the CPI for the year ending September 2019 was 1.7%. In accordance with subsection (1) of section 1L the AEA has been increased by 1.7% and rounded up to the nearest £100.

<sup>(</sup>a) 1992 c.12. Sections 1K and 1L were substituted by the Finance Act 2019 (c.1), section 13 and Schedule 1, paragraphs 1 and 2.
