SCHEDULE 11

Information to be provided in the case of distance selling through the internet

3. The image used for accessing the label in the case of a nested display, as indicated in Figure 4, must—

(a) be an arrow in the colour corresponding to the energy efficiency class of the product on the label;

(b) indicate the energy efficiency class of the product on the arrow in 100% white, Calibri Bold and in a font size equivalent to that of the price;

(c) have the range of available energy efficiency classes in 100% black;

(d) be of such a size that the arrow is clearly visible and legible, and in one of the following two formats shown in Figure 4; and

(e) position the letter in the energy efficiency class arrow in the centre of the rectangular part of the arrow, with a visible border in 100% black placed around the arrow and the letter of the energy efficiency class.
