The Secretary of State makes the following Regulations in exercise of the powers conferred by sections 45C(1), (3)(c), (4)(d), 45F(2) and 45P of the Public Health (Control of Disease) Act 1984(a).

These Regulations are made in response to the serious and imminent threat to public health which is posed by the incidence and spread of severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) in England.

The Secretary of State considers that the requirements imposed by these Regulations are proportionate to what they seek to achieve, which is a public health response to that threat.

In accordance with section 45R of that Act the Secretary of State is of the opinion that, by reason of urgency, it is necessary to make this instrument without a draft having been laid before, and approved by a resolution of, each House of Parliament.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations impose obligations on those responsible for organising certain events, or managing certain venues (set out in regulation 4), to take reasonable measures to ensure that they

do not admit any person to such events, or venues unless the person concerned has been fully vaccinated or has tested negative for coronavirus within the last 48 hours, is participating (or has participated) in a clinical trial of a coronavirus vaccine or, for clinical reasons, should not be vaccinated with a coronavirus vaccine (regulation 5). They may in addition admit the people listed in regulation 10, including persons under 18 years of age. Responsible persons are required to check every person admitted to the event or venue (regulation 5), unless they are relying on a spot check approach in accordance with regulation 6. Responsible persons are also required to prepare a statement setting out what they propose to do to comply with these obligations (regulation 7), and to keep records of their compliance (regulation 7).

Regulation 8 sets out when a person is considered fully vaccinated, and regulation 9 specifies the acceptable forms of evidence for vaccination, negative test, clinical trial participation or clinical exemption from vaccination.

Regulations 12 to 14 set out the powers of local authorities to enforce these obligations. Regulation 15 gives a right of appeal against the issue of Coronavirus Improvement Notices, Coronavirus Immediate Restriction Notices and Coronavirus Restriction Notices. Regulation 16 creates a new criminal offence of failing, without reasonable excuse, to comply with the obligations in regulations 5 or 7, or to comply with a Coronavirus Improvement Notice, Coronavirus Immediate Restriction Notice or a Coronavirus Restriction Notice. It also makes it an offence to make or supply others with false evidence of COVID status knowing that it is false or misleading.

Regulation 17 provides for fixed penalty notices. Regulation 18 preserves the effect of designations made under the Health Protection (Coronavirus, Restrictions) (Local Authority Enforcement Powers and Amendment) (England) Regulations 2020 and the Health Protection (Coronavirus, Restrictions) (Steps) Regulations 2021 for the purposes of these Regulations. Regulation 19 provides who may bring prosecutions, and regulation 20 makes minor amendments to the Health Protection (Coronavirus, Wearing of Face Coverings) Regulations 2021, and Regulation 21 provides for the expiry of regulations 1 to 19 at the end of 26th January 2022, except in relation to the requirements in regulation 7(7), which cease at the end of 26th April 2022.

No impact assessment has been prepared for these Regulations.
