2022 No. 1218

The Merchant Shipping (Additional Safety Measures for Bulk Carriers) Regulations 2022

PART 3

Special requirements for bulk carriers

Loading instrument

17.—(1) A bulk carrier of 150 metres in length or more must be fitted with a loading instrument in accordance with regulation 11.1 of Chapter XII (loading instrument for bulk carriers of 150 metres or more in length).

(2) A bulk carrier of less than 150 metres in length constructed on or after 1st July 2006 must be fitted with a loading instrument in accordance with regulation 11.3 of Chapter XII (loading instrument for bulk carriers of less than 150 metres in length constructed on or after 1st July 2006).
