 - (4C) The definition of “interception and monitoring technology” does not apply to software which is—
 - (a) generally available to the public, or
 - (b) in the public domain.
 - (4D) For the purposes of this Part, the following terms have the meaning given to them in the Dual-Use Regulation—

“basic scientific research”;
“in the public domain”.

Definition of “interception and monitoring services”

4. In Chapter 1 of Part 5, after regulation 21, insert—

“Definition of interception and monitoring services

21A.—(1) For the purposes of this Part, “interception and monitoring services” means any service that has as its object or effect the interception of a communication in the course of its transmission by means of a telecommunication system.

(2) A person intercepts a communication in the course of its transmission by means of a telecommunication system if, and only if—

- (a) the person does a relevant act in relation to the system; and
- (b) the effect of the relevant act is to make any content of the communication available, at a relevant time, to a person who is not the sender or intended recipient of the communication.

(3) In paragraph (2) a “relevant act”, in relation to a telecommunication system, means—

- (a) modifying, or interfering with, the system or its operation;
- (b) monitoring transmissions made by means of the system;
- (c) monitoring transmissions made by wireless telegraphy to or from apparatus that is part of the system.

(4) In paragraph (2), a “relevant time”, in relation to a communication transmitted by means of a telecommunication system, means—

- (a) any time while the communication is being transmitted; and
- (b) any time when the communication is stored in or by the system (whether before or after its transmission).

(5) For the purpose of paragraph (2), the cases in which any content of a communication is to be taken to be made available to a person at a relevant time include any case in which any of the communication is diverted or recorded at a relevant time so as to make the content of the communication available to a person after that time.

(6) In paragraph (3), references to modifying a telecommunication system include references to attaching any apparatus to, or otherwise modifying or interfering with—

- (a) any part of the system; or
- (b) any wireless telegraphy apparatus used for making transmissions to or from apparatus that is part of the system.

(7) For the purposes of this regulation, the following definitions also apply—

“apparatus” includes any equipment, machinery or device (whether physical or logical) and any wire or cable;

“communication”, for the purpose of a telecommunication system, includes—

- (a) anything comprising speech, music, sounds, visual images or data of any description; and
- (b) signals serving for the impartation of anything between persons, between a person and a thing or between things, for the actuation or control of any apparatus;

“content”, in relation to a communication and a telecommunication system, means any element of the communication, or any data attached to or logically associated with the communication, which reveals anything of what might reasonably be considered to be the meaning (if any) of the communication, but—

- (a) any meaning arising from the fact of the communication or from any data relating to the transmission of the communication is to be disregarded; and
- (b) anything which is systems data is not content;

“systems data” means any data that enables or facilitates, or identifies or describes anything connected with enabling or facilitating, the functioning of a telecommunication system (including any apparatus forming part of the system);

“a telecommunication system” means a system (including the apparatus comprised in it) that exists for the purpose of facilitating the transmission of communications by any means involving the use of electrical or electromagnetic energy;

“wireless telegraphy” and “wireless telegraphy apparatus” have the same meaning as in sections 116 and 117 of the Wireless Telegraphy Act 2006(7).”

Maritime goods and maritime technology

5.—(1) In regulation 22—

- (a) after paragraph (1) insert—

“(1A) The export of maritime goods for the placing on board of a Russian-flagged vessel is prohibited.”;

- (b) in paragraph (2), for “Paragraph (1) is” substitute “Paragraphs (1) and (1A) are”.

(2) In regulation 24—

- (a) after paragraph (1)(b) insert—

“(c) directly or indirectly supply or deliver maritime goods from a third country for the placing on board of a Russian-flagged vessel.”;

- (b) after paragraph (3)(b) insert—

“(c) it is a defence for a person charged with the offence of contravening paragraph (1)(c) to show that the person did not know and had no reasonable cause to suspect that the supply or delivery was for the placing on board of a Russian-flagged vessel, whether directly or indirectly.”.

(3) In regulation 25—

- (a) after paragraph (1)(e) insert—

“(f) directly or indirectly make maritime goods or maritime technology available for the placing on board of a Russian-flagged vessel.”;

- (b) after paragraph (3)(d) insert—

“(e) it is a defence for a person charged with the offence of contravening paragraph (1)(f) to show that the person did not know and had no reasonable cause to suspect that the goods or technology were to be made available for the placing on board of a Russian-flagged vessel.”.

(4) In regulation 26—

- (a) after paragraph (1)(c) insert—

“(d) transfer maritime technology to a Russian-flagged vessel.”;

(b) after paragraph (3)(c) insert—

“(d) it is a defence for a person charged with the offence of contravening paragraph (1)(d) to show that the person did not know and had no reasonable cause to suspect that the transfer was to a Russian-flagged vessel.”.

Goods and technology relating to non-government controlled Ukrainian territory

6. In Part 5, after Chapter 2 insert—

“CHAPTER 2A

Goods and technology relating to non-government controlled Ukrainian territory

Interpretation

30A. In this Chapter—
