CHAPTER 2

Company Meetings

Application

31. This Chapter applies where the nuclear administrator calls a meeting of members under paragraph 62 of Schedule B1 to the 1986 Act.

Venue and conduct of company meeting

32.—(1) The nuclear administrator must fix a venue for it having regard to the convenience of the members.

(2) The chair of the meeting must be either the nuclear administrator or a person nominated by the nuclear administrator in writing to be chair.

(3) A person may only be nominated under paragraph (2) if the person—

- (a) is qualified to act as an insolvency practitioner in relation to the relevant licensee nuclear company, or
- (b) is an employee of the nuclear administrator or the nuclear administrator’s firm who is experienced in insolvency matters.

(4) If within 30 minutes from the time fixed for commencement of the meeting there is no person present to act as chair, the meeting stands adjourned to the same day, time and place in the following week or, if that day is not a business day, to the business day immediately following.

(5) Subject to anything to the contrary in the 1986 Act and these Rules, the meeting must be summoned and conducted—

- (a) in accordance with the law of England and Wales, including any applicable provision in or made under the Companies Act 2006(29), in the case of a relevant licensee nuclear company incorporated—
 - (i) in England and Wales, or
 - (ii) outside the United Kingdom other than in an EEA state;
- (b) in accordance with the law of the state applicable to meetings of the relevant licensee nuclear company, in the case of a relevant licensee nuclear company incorporated in an EEA state.

(6) The chair of the meeting must ensure that minutes of its proceedings are entered in the relevant licensee nuclear company’s minute book.

Proxies and representatives

33. Part 16 of the Insolvency Rules applies in respect of the meeting of members as it applies to administration, with the following modifications—

- (a) for “administration”, in each place, substitute “relevant licensee nuclear company administration”;
- (b) for “company”, in each place, substitute “relevant licensee nuclear company”;
- (c) in rule 16.6 the reference to rule 1.58 is a reference to rule 177 of these Rules.

Remote attendance at meetings: request to specify a place

34.—(1) This rule applies in relation to a request to the convener of a meeting under section 246A(9) of the 1986 Act to specify a place for the meeting.

(2) The request must be accompanied by—

- (a) a list of the members making or concurring with the request and their voting rights;
- (b) from each person concurring, written confirmation of that person’s concurrence.

(3) The request must be delivered to the convener within seven business days of the date on which the convener delivered the notice of the meeting in question.

(4) Where the convener considers that the request has been properly made in accordance with the 1986 Act and this rule, the convener must—

- (a) deliver notice to all those previously given notice of the meeting—
 - (i) that the meeting is to be held at a specified place;
 - (ii) as to whether the date and time are to remain the same or not;
- (b) set a venue, including specification of a place, for the meeting, the date of which must be no later than 28 days after the original date for the meeting;
- (c) deliver at least 14 days’ notice of that venue to all those previously given notice of the meeting.

(5) The notices required by sub-paragraphs (a) and (c) of paragraph (4) may be delivered at the same or different times.

(6) Where the convener has specified a place for the meeting in response to a request to which this rule applies, the chair of the meeting must attend the meeting by being present in person at that place.

Action where person excluded

35.—(1) In this rule, an “excluded person” means a person who has taken all steps necessary to attend a meeting under the arrangements which—

- (a) have been put in place by the convener of the meeting under section 246A(6) of the 1986 Act, but
- (b) do not enable that person to attend the whole or part of that meeting.

(2) Where the chair becomes aware during the course of a meeting that there is an excluded person, the chair may—

- (a) continue the meeting;
- (b) declare the meeting void and convene the meeting again;
- (c) declare the meeting valid up to the point where the person was excluded and adjourn the meeting.

(3) Where the chair continues the meeting, the meeting is valid unless—

- (a) the chair decides in consequence of a complaint under rule 37 to declare the meeting void and hold the meeting again, or
- (b) the court directs otherwise.

(4) Without prejudice to paragraph (2), where the chair becomes aware during the course of the meeting that there is an excluded person, the chair may, in the chair's discretion and without an adjournment, declare the meeting suspended for any period up to one hour.

Indication to excluded person

36.—(1) A person who claims to be an excluded person may request an indication of what occurred during the period of that person's claimed exclusion (an "indication").

(2) A request under paragraph (1) must be made as soon as reasonably practicable and, in any event, no later than 4.00 p.m. on the business day following the day on which the exclusion is claimed to have occurred.

(3) A request under paragraph (1) must be made—

- (a) to the chair, where it is made during the course of the business of the meeting;
- (b) to the nuclear administrator, where it is made after the conclusion of the business of the meeting.

(4) Where satisfied that the person making the request is an excluded person, the person to whom the request is made under paragraph (3) must give the indication as soon as reasonably practicable and, in any event, no later than 4.00 p.m. on the business day following the day on which the request was made under paragraph (1).

(5) In this rule, "excluded person" has the meaning given in rule 35(1).

Complaint by or in relation to excluded persons, etc.

37.—(1) Any person may make a complaint who—

- (a) is, or claims to be, an excluded person, or
- (b) attends the meeting, whether in person or by proxy (by virtue of rule 33), and claims to have been adversely affected by the actual, apparent or claimed exclusion of another person.

(2) The person to whom the complaint must be made ("the appropriate person") is—

- (a) the chair, where it is made during the course of the meeting;
- (b) the nuclear administrator, where it is made after the meeting.

(3) A complaint must be made as soon as reasonably practicable and, in any event, no later than 4.00 p.m. on the business day following—

- (a) the day on which the person was, appeared or claimed to be excluded, or
- (b) where an indication is sought under rule 36, the day on which the complainant received the indication.

(4) The appropriate person must, as soon as reasonably practicable following receipt of the complaint—

- (a) consider whether there is an excluded person,
- (b) where satisfied that there is an excluded person, consider the complaint, and
- (c) where satisfied that there has been prejudice, take such action as the appropriate person considers fit to remedy the prejudice.

(5) Paragraph (6) applies where—

- (a) the appropriate person is satisfied that the complainant is an excluded person,

- (b) during the period of the person's exclusion a resolution was put to the meeting and voted on, and
 - (c) the excluded person asserts how the excluded person intended to vote on the resolution.
- (6) Subject to paragraph (7), where satisfied that the effect of the intended vote in paragraph (5), if cast, would have changed the result of the resolution, the appropriate person must—
- (a) count the intended vote as being cast in accordance with the complainant's stated intention,
 - (b) amend the record of the result of the resolution, and
 - (c) where notice of the result of the resolution has been delivered to those entitled to attend the meeting, deliver notice to them of the change.
- (7) Where satisfied that more than one complainant is an excluded person, the appropriate person must have regard to the combined effect of the intended votes.
- (8) The appropriate person must deliver notice to the complainant of any decision as soon as reasonably practicable.
- (9) A complainant who is not satisfied by the action of the appropriate person may apply to the court for directions and any application must be made no more than two business days from the date of receiving the decision of the appropriate person.
- (10) In this rule, "excluded person" has the meaning given in rule 35(1).

Notice of meetings by advertisement only

- 38.**—(1) The court may order that notice of any meeting be given by advertisement and not by individual notice to the persons concerned.
- (2) In considering whether to make such an order, the court must have regard to the cost of advertisement, the amount of assets available and the extent of the interest of members or any particular class of members.

Non-receipt of notice of meeting

- 39.** Where a meeting is summoned by notice, the meeting is presumed to have been duly summoned and held, even if not all those to whom the notice is to be delivered receive it.

PART 5

Disposal of Charged Property

Authority to dispose of property

- 40.**—(1) This rule applies where the nuclear administrator applies to the court under paragraph 71 or 72 of Schedule B1 to the 1986 Act for authority to dispose of—
- (a) property of the relevant licensee nuclear company which is subject to a security other than a floating charge;
 - (b) goods in the possession of the relevant licensee nuclear company under a hire-purchase agreement.
- (2) The court must fix a venue for the hearing of the application, and the nuclear administrator must as soon as reasonably practicable deliver notice of the venue to the holder of the security or, as the case may be, the owner of the goods.

(3) If an order is made under paragraph 71 or 72 of Schedule B1 to the 1986 Act the court must deliver two sealed copies to the nuclear administrator, or in the case of joint nuclear administrators, two sealed copies to one and a copy of the sealed order to others.

(4) The nuclear administrator must deliver—

- (a) one of the sealed copies to the holder of the security or the owner of the goods;
- (b) a copy of the sealed order to the registrar of companies.

PART 6

Expenses of the Relevant Licensee Nuclear Company Administration

Expenses

41.—(1) All fees, costs, charges and other expenses incurred in the course of the relevant licensee nuclear company administration are to be regarded as expenses of the relevant licensee nuclear company administration.

(2) The expenses associated with the prescribed part must be paid out of the prescribed part.

(3) The cost of the security required by section 390(3) of the 1986 Act for the proper performance of the nuclear administrator's functions is an expense of the relevant licensee nuclear company administration.

Priority of expenses of relevant licensee nuclear company administration

42.—(1) The expenses of the relevant licensee nuclear company administration are payable in the following order of priority—

- (a) expenses properly incurred by the nuclear administrator in performing the nuclear administrator's functions in the relevant licensee nuclear company administration, except for those expenses referred to in sub-paragraph (g);
- (b) the cost of any security provided by the nuclear administrator in accordance with the 1986 Act or these Rules;
- (c) the costs of the applicant for the relevant licensee nuclear company administration order and any person appearing on the hearing of the application whose costs were allowed by the court;
- (d) any amount payable to a person in respect of assistance in the preparation of a statement of affairs or statement of concurrence;
- (e) any allowance made, by the order of the court, towards costs on an application for release from the obligation to submit a statement of affairs or statement of concurrence;
- (f) any necessary disbursements by the nuclear administrator in the course of the relevant licensee nuclear company administration (but not including any payment of corporation tax in circumstances referred to in sub-paragraph (i));
- (g) the remuneration of any person who has been employed by the nuclear administrator to perform any services for the relevant licensee nuclear company, as required or authorised under the 1986 Act, the 2004 Act, the 2022 Act or these Rules;
- (h) the remuneration of the nuclear administrator fixed by the court under Part 8 and unpaid pre-relevant-licensee-nuclear-company-administration costs approved under rule 43;

- (i) the amount of any corporation tax on chargeable gains accruing on the realisation of any asset of the relevant licensee nuclear company, irrespective of the person by whom the realisation is effected.
- (2) The priorities laid down by paragraph (1) are subject to paragraph (3) and subject to the power of the court to make orders under paragraph (5) where the assets are insufficient to satisfy the liabilities.
- (3) Where there is a former nuclear administrator, the items in paragraph 99 of Schedule B1 to the 1986 Act⁽³⁰⁾ are payable in priority to the expenses in this rule.
- (4) For the purposes of paragraph 99(3) of Schedule B1 to the 1986 Act, the former nuclear administrator's remuneration and expenses shall comprise all those items set out in paragraph (1) (a) to (i) of this rule.
- (5) The court may, in the event of the assets being insufficient to satisfy the liabilities, make an order as to the payment out of the assets of the expenses incurred in the relevant licensee nuclear company administration in such order of priority as the court thinks just.

Pre-relevant-licensee-nuclear-company-administration costs

43.—(1) Paragraph (2) applies where the nuclear administrator has made a statement of pre-relevant-licensee-nuclear-company-administration costs under rule 21(2)(k) (matters to be included in statement of proposals).

(2) The relevant office holder must, before pre-relevant-licensee-nuclear-company-administration costs are paid, apply to the court for a determination of whether and to what extent such costs are approved for payment.

(3) In paragraph (2) the “relevant office holder” means—

- (a) the nuclear administrator, where the costs consist of fees charged or expenses incurred by the nuclear administrator;
- (b) another insolvency practitioner, where the costs consist of fees charged or expenses incurred by that practitioner.

PART 7

Claims by and Distributions to Creditors

CHAPTER 1

Machinery of Proving a Debt

Proving a debt

44.—(1) A person claiming to be a creditor of the relevant licensee nuclear company and wishing to recover the debt in whole or part must submit a claim in writing to the nuclear administrator, unless paragraph (6) applies or an order of the court provides otherwise.

(2) A creditor who claims for a debt is referred to as “proving” for that debt and a document by which a creditor seeks to establish a claim is the creditor’s “proof”.

(3) A proof must—

- (a) be made out and dated by, or under the direction of, the creditor and be authenticated by the creditor or a person authorised on the creditor’s behalf;

⁽³⁰⁾ Paragraph 99 was amended by the Deregulation Act 2015 (c. 20), Schedule 6, paragraph 27.

- (b) state the following matters—
- (i) the creditor’s name and address;
 - (ii) if the creditor is a company, its registered number;
 - (iii) the total amount of the creditor’s claim (including any value added tax) as at the date on which the relevant licensee nuclear company entered relevant licensee nuclear company administration, less any payments made after that date in respect of the claim, any deduction under rule 54 and any adjustment by way of set off in accordance with rule 55;
 - (iv) whether or not the claim includes outstanding uncapitalised interest;
 - (v) particulars of how and when the debt was incurred by the relevant licensee nuclear company;
 - (vi) particulars of any security held, the date on which it was given and the value which the creditor puts on it;
 - (vii) details of any reservation of title in respect of goods to which the debt refers;
 - (viii) the name, address and authority of the person authenticating the proof (if a person other than the creditor).

(4) The proof must specify details of any document by reference to which the debt can be substantiated, but the document need not be delivered with the proof unless the nuclear administrator has requested it.

(5) The nuclear administrator may call for the creditor to produce any document or other evidence which the nuclear administrator considers is necessary to substantiate the whole or any part of a claim.

(6) A creditor is deemed to have proved for the purposes of determination and payment of a dividend but not otherwise where—

- (a) the debt is a small debt,
- (b) a notice has been delivered to the creditor under rule 69 which complies with rule 70, and
- (c) the creditor has not advised the nuclear administrator that the debt is incorrect or not owed.

(7) For the purposes of this Part, “small debt” means a debt, being the total amount owed to a creditor, which does not exceed £1,000 (which amount is prescribed for the purposes of paragraph 13A of Schedule 8 to the 1986 Act⁽³¹⁾).

Provable debts

45.—(1) In relevant licensee nuclear company administration proceedings all claims by creditors are provable as debts against the relevant licensee nuclear company, whether they are present or future, certain or contingent, ascertained or sounding only in damages, subject to the following.

(2) Any obligation arising under a confiscation order made under Part 2, 3 or 4 of the Proceeds of Crime Act 2002⁽³²⁾ is not provable.

(3) The following are not provable except at a time when all other claims of creditors in the relevant licensee nuclear company administration proceedings (other than any of a kind mentioned in this paragraph) have been paid in full, with interest under rule 58—

- (a) any claim arising by virtue of section 382(1)(a) of the Financial Services and Markets Act 2000⁽³³⁾, not being a claim also arising by virtue of section 382(1)(b) of that Act;

⁽³¹⁾ Paragraph 13A was inserted into Schedule 8 by the Small Business, Enterprise and Employment Act 2015, section 131.

⁽³²⁾ 2002 c. 29.

⁽³³⁾ 2000 c. 8. Section 382(1) was amended by the Financial Services Act 2012, Schedule 9, paragraph 21.

(b) any claim which by virtue of the 1986 Act or any other enactment is a claim the payment of which is to be postponed.

(4) Nothing in this rule prejudices any enactment or rule of law under which a particular kind of debt is not provable, whether on grounds of public policy or otherwise.

Costs of proving

46. Unless the court otherwise orders—

- (a) every creditor bears the cost of proving the creditor's own debt, including costs incurred in providing documents or evidence under rule 44(5), and
- (b) costs incurred by the nuclear administrator in estimating the value of a debt under rule 53 are payable out of the assets as an expense of the relevant licensee nuclear company administration.

Nuclear administrator to allow inspection of proofs

47. The nuclear administrator must, so long as proofs delivered to the nuclear administrator are in the possession of the nuclear administrator, allow them to be inspected, at all reasonable times on any business day, by any of the following persons—

- (a) any creditor who has delivered a proof, unless the creditor's proof has been—
 - (i) wholly rejected for purposes of dividend or otherwise, or
 - (ii) withdrawn;
- (b) any contributory of the relevant licensee nuclear company;
- (c) any person acting on behalf of either of the above.

Appointment of new nuclear administrator: proofs

48.—(1) If a new nuclear administrator is appointed in place of another, the former nuclear administrator must as soon as reasonably practicable deliver to the new nuclear administrator all proofs which the former nuclear administrator has received, together with a list of them.

(2) As soon as reasonably practicable following receipt of the list and all of the proofs listed by it, the list must be authenticated by the new nuclear administrator and returned to the former nuclear administrator.

Admission and rejection of proofs for dividend

49.—(1) The nuclear administrator may admit or reject a proof for dividend, in whole or in part.

(2) If the nuclear administrator rejects a proof in whole or in part, the nuclear administrator must deliver to the creditor a statement of the nuclear administrator's reasons for doing so, as soon as reasonably practicable.

Appeal against decision on proof

50.—(1) If a creditor is dissatisfied with the nuclear administrator's decision with respect to the creditor's proof (including any decision on whether the debt is preferential), the creditor may apply to the court for the decision to be reversed or varied.

(2) A member or any other creditor may, if dissatisfied with the nuclear administrator's decision admitting or rejecting the whole or any part of a proof, apply to court for the decision to be reversed or varied.

(3) An application to court—

- (a) under paragraph (1) must be made within the period of 21 days of the creditor receiving the statement delivered under rule 49(2);
 - (b) under paragraph (2) must be made within the period of 21 days of the member or other creditor (as the case may be) becoming aware of the nuclear administrator’s decision.
- (4) Where an application is made to the court under this rule, the court must fix a venue for the application to be heard.
- (5) The applicant must send notice of the venue fixed under paragraph (4) to—
- (a) the nuclear administrator;
 - (b) if the applicant is not the creditor who delivered the proof in question, that creditor.
- (6) The nuclear administrator must, on receipt of the notice, file the relevant proof with the court, together (if appropriate) with a copy of the statement sent under rule 49(2).
- (7) Where the application is made by a member, the court must not disallow the proof (in whole or in part) unless the member shows that there is (or would be but for the amount claimed in the proof), or that it is likely that there will be (or would be but for the amount claimed in the proof), a surplus of assets to which the relevant licensee nuclear company would be entitled.
- (8) After the application has been heard and determined, the proof must, unless it has been wholly disallowed, be returned by the court to the nuclear administrator.
- (9) The nuclear administrator is not personally liable for costs incurred by any person in respect of an application under this rule unless the court otherwise orders.

Withdrawal or variation of proof

- 51.**—(1) A creditor may withdraw a proof at any time by delivering a written notice to the nuclear administrator.
- (2) The amount claimed by a creditor’s proof may be varied at any time by agreement between the creditor and the nuclear administrator.

Exclusion of proof by the court

- 52.**—(1) The court may exclude a proof or reduce the amount claimed—
- (a) on the nuclear administrator’s application, where the nuclear administrator thinks that the proof has been improperly admitted, or ought to be reduced;
 - (b) on the application of a creditor or member, if the nuclear administrator declines to interfere in the matter.
- (2) Where application is made to the court under this rule, the court must fix a venue for the application to be heard, notice of which must be sent by the applicant—
- (a) in the case of an application by the nuclear administrator, to the creditor who submitted the proof;
 - (b) in the case of an application by a creditor or member, to the nuclear administrator and to the creditor who submitted the proof (if that creditor is not the applicant).

CHAPTER 2

Quantification of Claims

Estimate of value of debt

- 53.**—(1) The nuclear administrator must estimate the value of any debt which, by reason of its being subject to any contingency or for any other reason, does not have a certain value.

(2) The nuclear administrator may revise any estimate previously made under paragraph (1), if the nuclear administrator thinks fit by reference to any change of circumstances or to information becoming available.

(3) The nuclear administrator must inform the creditor as to the estimate under paragraph (1) and any revision of it under paragraph (2).

(4) Where the value of a debt is estimated under this rule, the amount provable in the relevant licensee nuclear company administration in the case of that debt is that of the estimate for the time being.

Discounts

54. All trade and other discounts which would have been available to the relevant licensee nuclear company but for the relevant licensee nuclear company administration must be deducted from the claim, except a discount for immediate, early or cash settlement.

Mutual credits and set off

55.—(1) This rule applies where the nuclear administrator has delivered a notice under rule 69 (notice of a proposed distribution).

(2) In this rule, “mutual dealings” means mutual credits, mutual debts or other mutual dealings between the relevant licensee nuclear company and a creditor proving or claiming to prove for a debt in the relevant licensee nuclear company administration but does not include any of the following—

- (a) any debt arising out of an obligation incurred after the relevant licensee nuclear company entered relevant licensee nuclear company administration;
- (b) any debt arising out of an obligation incurred at a time when the creditor had notice that—
 - (i) an application under section 161 of the 2004 Act (permission to pass resolution for voluntary winding up) was pending,
 - (ii) a petition for the winding up of the relevant licensee nuclear company was pending,
 - (iii) an application for an administration order under the 1986 Act was pending,
 - (iv) an application for an RLNC administration order was pending, or
 - (v) any person had given notice of intention to appoint an administrator under the 1986 Act;
- (c) any debt which has been acquired by a creditor by assignment or otherwise, pursuant to an agreement between the creditor and any other party where that agreement was entered into—
 - (i) at a time when the creditor had notice that an application under section 161 of the 2004 Act was pending,
 - (ii) at a time when the creditor had notice that a petition for the winding up of the relevant licensee nuclear company was pending,
 - (iii) at a time when the creditor had notice that an application for an administration order under the 1986 Act was pending,
 - (iv) at a time when the creditor had notice that an application for an RLNC administration order was pending,
 - (v) at a time when the creditor had notice that any person had given notice of intention to appoint an administrator under the 1986 Act, or
 - (vi) after the relevant licensee nuclear company entered relevant licensee nuclear company administration.

(3) An account must be taken as at the date of the notice referred to in paragraph (1) of what is due from each party to the other in respect of the mutual dealings and the sums due from one party must be set off against the sums due from the other.

(4) A sum must be treated as being due to or from the relevant licensee nuclear company for the purposes of paragraph (3) whether—

- (a) it is payable at present or in the future,
- (b) the obligation by virtue of which it is payable is certain or contingent, or
- (c) its amount is fixed or liquidated, or is capable of being ascertained by fixed rules or as a matter of opinion.

(5) Rule 53 applies for the purposes of this rule to any obligation to or from the relevant licensee nuclear company which, by virtue of its being subject to any contingency or for any other reason, does not bear a certain value.

(6) Rules 56 to 58 apply for the purposes of this rule in relation to any sums due to the relevant licensee nuclear company which—

- (a) are payable in a currency other than sterling,
- (b) are of a periodical nature, or
- (c) bear interest.

(7) Rule 82 applies for the purposes of this rule to any sum due to or from the relevant licensee nuclear company which is payable in the future.

(8) Only the balance (if any) of the account owed to the creditor is provable in the relevant licensee nuclear company administration.

(9) Alternatively the balance (if any) owed to the relevant licensee nuclear company must be paid to the nuclear administrator as part of the assets except where all or part of the balance results from a contingent or prospective debt owed by the creditor and in such a case the balance, or that part of it which results from the contingent or prospective debt, must be paid if and when the debt becomes due and payable.

(10) In this rule, “obligation” means an obligation however arising, whether by virtue of an agreement, rule of law or otherwise.

Debt in foreign currency

56.—(1) A proof for a debt incurred or payable in a currency other than sterling must state the amount of the debt in that currency.

(2) The nuclear administrator must convert all such debts into sterling at a single rate for each currency determined by the nuclear administrator by reference to the exchange rates prevailing on the date on which the relevant licensee nuclear company entered relevant licensee nuclear company administration.

(3) On the next occasion when the nuclear administrator communicates with the creditors the nuclear administrator must advise them of any rate so determined.

(4) A creditor who considers that the rate determined by the nuclear administrator is unreasonable may apply to the court.

(5) If, on hearing the application, the court finds that the rate is unreasonable it may itself determine the rate.

Payments of a periodical nature

57.—(1) In the case of rent and other payments of a periodical nature, the creditor may prove for any amounts due and unpaid up to the date on which the relevant licensee nuclear company entered relevant licensee nuclear company administration.

(2) Where at that date any payment was accruing due, the creditor may prove for so much as would have been due at that date, if accruing from day to day.

Interest

58.—(1) Where a debt proved in the relevant licensee nuclear company administration bears interest, that interest is provable as part of the debt except in so far as it is payable in respect of any period after the relevant date.

(2) In the circumstances set out in this rule, the creditor's claim may include interest on the debt for periods before the relevant date although not previously reserved or agreed.

(3) If the debt is due by virtue of a written instrument, and payable at a certain time, interest may be claimed for the period from that time to the relevant date.

(4) If the debt is due otherwise, interest may only be claimed if, before the relevant date, demand for payment of the debt was made in writing by or on behalf of the creditor, and notice was given that interest would be payable from the date of the demand to the date of payment.

(5) Interest under paragraph (4) may only be claimed for the period from the date of the demand to the relevant date and, for the purposes of the 1986 Act and these Rules, must be charged at a rate not exceeding that mentioned in paragraph (6).

(6) The rate of interest to be claimed under paragraphs (3) and (4) is the rate specified in section 17 of the Judgments Act 1838⁽³⁴⁾ on the relevant date.

(7) Any surplus remaining after payment of the debts proved must, before being applied for any other purpose, be applied in paying interest on those debts in respect of the periods during which they have been outstanding since the relevant date.

(8) All interest payable under paragraph (7) ranks equally whether or not the debts on which it is payable rank equally.

(9) The rate of interest payable under paragraph (7) is whichever is the greater of the rate specified under paragraph (6) and the rate applicable to the debt apart from the relevant licensee nuclear company administration.

(10) In this rule, "relevant date" means the date on which the relevant licensee nuclear company entered relevant licensee nuclear company administration.

Debt payable at future time

59. A creditor may prove for a debt of which payment was not yet due on the date when the relevant licensee nuclear company entered relevant licensee nuclear company administration, subject to rule 82 (adjustment of dividend where payment made before time).

Voluntary surrender of security

60. A creditor who voluntarily surrenders a security may prove for the whole of the creditor's debt as if it were unsecured.

(34) 1838 c. 110. Section 17 was amended by S.I. 1993/564, 1998/2940; there are other amendments but none is relevant.

Value of security

61.—(1) A secured creditor may, with the agreement of the nuclear administrator or the permission of the court, at any time alter the value which the secured creditor's proof puts upon the secured creditor's security.

(2) Where the secured creditor has voted in respect of the unsecured balance of the secured creditor's debt and where revaluation is with the agreement of the nuclear administrator, the nuclear administrator must deliver a notice of the revaluation to the creditors within five business days after the office-holder's agreement.

Surrender for non-disclosure

62.—(1) If a secured creditor fails to disclose a security in the secured creditor's proof, the secured creditor must surrender that security for the general benefit of creditors, unless the court, on application by the secured creditor, relieves the secured creditor from the effect of this rule on the grounds that the omission was inadvertent or the result of honest mistake.

(2) If the court grants that relief, it may require or allow the creditor's proof to be amended, on such terms as may be just.

Redemption by nuclear administrator

63.—(1) The nuclear administrator may at any time deliver a notice to a creditor whose debt is secured that the nuclear administrator proposes, at the expiration of 28 days from the date of the notice, to redeem the security at the value put upon it in the creditor's proof.

(2) The creditor may, within 21 days of the date of delivery of the notice (or such longer period as the nuclear administrator may allow), alter the value of the creditor's security in accordance with rule 61.

(3) If the creditor alters the value of the security in accordance with rule 61, the nuclear administrator may only redeem at the new value.

(4) If the nuclear administrator redeems the security, the cost of transferring it is payable as an expense out of the relevant licensee nuclear company's assets.

(5) A secured creditor may at any time deliver a notice to the nuclear administrator requiring the nuclear administrator to elect whether or not to redeem the security at the value then placed on it.

(6) The nuclear administrator has three months from the date of delivery of a notice under paragraph (5) in which to redeem the security or elect not to redeem the security.

Test of security's value

64.—(1) Paragraph (2) applies if the nuclear administrator is dissatisfied with the value which a secured creditor puts on the creditor's security, whether in the creditor's proof or by way of revaluation under rule 61.

(2) The nuclear administrator may require any property comprised in the security to be offered for sale.

(3) The terms of the sale must be such as may be agreed between the nuclear administrator and the secured creditor, or as the court may direct.

(4) If the sale is by auction, the nuclear administrator on behalf of the relevant licensee nuclear company, and the creditor on the creditor's own behalf, may appear and bid.

(5) This rule does not apply if the value of the security has been altered with the court's permission.

Realisation of security by creditor

65. If a creditor who has valued the creditor's security subsequently realises it, whether or not at the instance of the nuclear administrator—

- (a) the net amount realised must be treated in all respects, including in relation to any valuation in a proof, as an amended valuation made by the creditor, and
- (b) the creditor may prove for the balance of the creditor's debt.

CHAPTER 3

Distributions

Distribution to creditors generally

66.—(1) This Chapter applies where the nuclear administrator makes, or proposes to make, a distribution to any class of creditors other than secured creditors.

(2) Where the distribution is to a particular class of creditors, a reference in this Chapter to creditors is, in so far as the context requires, a reference to that class of creditors only.

Debts of insolvent relevant licensee nuclear company to rank equally

67. Debts other than preferential debts rank equally between themselves in the relevant licensee nuclear company administration and, after the preferential debts, must be paid in full unless the assets are insufficient for meeting them, in which case they abate in equal proportions between themselves.

Supplementary provisions as to dividend

68.—(1) In the calculation and distribution of a dividend the nuclear administrator must make provision for each of the following—

- (a) any debts which appear to the nuclear administrator to be due to persons who, by reason of the distance of their place of residence, may not have had sufficient time to tender and establish their proofs;
- (b) any debts which are the subject of claims which have not yet been determined;
- (c) disputed proofs and claims.

(2) A creditor who has not proved the creditor's debt before the declaration of any dividend is not entitled to disturb, by reason that the creditor has not participated in it, the distribution of that dividend or any other dividend declared before the creditor's debt was proved, but—

- (a) when the creditor has proved that debt the creditor is entitled to be paid, out of any money for the time being available for the payment of any further dividend, any dividend which the creditor has failed to receive;
- (b) any dividend payable under sub-paragraph (a) must be paid before the money is applied to the payment of any such further dividend.

(3) No action lies against the nuclear administrator for a dividend, but if the nuclear administrator refuses to pay a dividend the court may, if it thinks just, order the nuclear administrator to pay it and also to pay, out of the nuclear administrator's own money—

- (a) interest on the dividend, at the rate for the time being specified in section 17 of the Judgments Act 1838, from the time when it was withheld, and
- (b) the costs of the proceedings in which the order to pay is made.

Notice of proposed distribution

69.—(1) Where the nuclear administrator proposes to make a distribution to creditors or declare a dividend, the nuclear administrator must give notice of this.

(2) The notice must—

- (a) be delivered to all creditors whose addresses are known to the nuclear administrator;
- (b) state whether the proposed distribution or dividend is—
 - (i) to preferential creditors, or
 - (ii) preferential creditors and unsecured creditors;
- (c) state that it is the intention of the nuclear administrator to make a distribution to creditors or declare a dividend (as the case may be) within the period of two months from the last date for proving;
- (d) specify whether the proposed distribution or dividend is interim or final;
- (e) specify the last date by which proofs may be delivered, which must be—
 - (i) the same date for all creditors, and
 - (ii) not less than 21 days from the date of the notice;
- (f) specify the place to which proofs must be delivered;
- (g) include the additional information required by rule 70 where the nuclear administrator intends to treat a small debt as proved for the purposes of paying a dividend;
- (h) where the nuclear administrator proposes to declare a dividend to unsecured creditors, state the value of the prescribed part, unless there is no prescribed part or the court has made an order under section 176A(5) of the 1986 Act.

(3) Subject to paragraph (4)(b), a copy of the notice—

- (a) must be gazetted;
- (b) may be advertised in such other manner as the nuclear administrator thinks fit.

(4) Where the proposed dividend is only to preferential creditors—

- (a) the notice need only be delivered to those creditors in whose cases the nuclear administrator has reason to believe that their debts are preferential;
- (b) the notice need only be gazetted if the nuclear administrator thinks fit.

Further contents of notice to creditors owed small debts, etc.

70.—(1) The nuclear administrator may treat a debt, which is a small debt according to the accounting records or the statement of affairs of the relevant licensee nuclear company, as if it were proved for the purposes of paying a dividend.

(2) Where the nuclear administrator intends to treat such a debt as if it were proved, the notice delivered under rule 69 must also—

- (a) state the amount of the debt which the nuclear administrator believes to be owed to the creditor according to the accounting records or statement of affairs of the relevant licensee nuclear company;
- (b) state that the nuclear administrator will treat the debt which is stated in the notice, being for £1,000 or less, as proved for the purposes of paying a dividend unless the creditor advises the nuclear administrator that the amount of the debt is incorrect or that no debt is owed;
- (c) require the creditor to notify the nuclear administrator by the last date for proving if the amount of the debt is incorrect or if no debt is owed;

(d) inform the creditor that where the creditor advises the nuclear administrator that the amount of the debt is incorrect the creditor must also submit a proof in order to receive a dividend.

(3) The information required by paragraph (2)(a) may take the form of a list of small debts which the nuclear administrator intends to treat as proved which includes the debt owed to the particular creditor to whom the notice is being delivered.

Sole or final dividend

71.—(1) Where it is intended that the distribution is to be a sole or final dividend, the nuclear administrator must, after the last date for proving set out in the notice under rule 69—

- (a) pay any sums payable in accordance with the provisions of paragraph 99 of Schedule B1 to the 1986 Act,
- (b) pay any sums (including any debts or liabilities and the nuclear administrator's own remuneration and expenses) which would, if the nuclear administrator were to cease to be the nuclear administrator of the relevant licensee nuclear company, be payable out of the property of which the nuclear administrator had custody or control in accordance with the provisions of paragraph 99 of Schedule B1 to the 1986 Act, and
- (c) declare and distribute that dividend without regard to the claim of any person in respect of a debt not already proved.

(2) The reference in paragraph (1)(c) to debts that have not been proved does not include small debts treated as proved by the nuclear administrator.

(3) The court may, on the application of any person, postpone the date specified in the notice as the last date for proving.

Admission or rejection of proofs following last date for proving

72.—(1) Unless the nuclear administrator has already dealt with them, the nuclear administrator must within 14 days of the last date for proving set out in the notice under rule 69—

- (a) admit or reject, in whole or in part, proofs delivered to the nuclear administrator, or
- (b) make such provision in respect of them as the nuclear administrator thinks fit.

(2) The nuclear administrator is not obliged to deal with a proof delivered after the last date for proving, but may do so, if the nuclear administrator thinks fit.

(3) In the declaration of a dividend a payment must not be made more than once in respect of the same debt.

Postponement or cancellation of dividend

73.—(1) If paragraph (2) applies, the nuclear administrator may postpone or cancel a dividend.

(2) This paragraph applies if, in the two-month period referred to in rule 69(2)(c) an application is made to the court for the nuclear administrator's decision on a proof to be reversed or varied, or for a proof to be excluded, or for a reduction of the amount claimed.

(3) Where the dividend is postponed or cancelled a new notice under rule 69 will be required if the dividend is paid subsequently.

Declaration of dividend

74.—(1) The nuclear administrator must proceed to declare the dividend of which the nuclear administrator gave notice under rule 69 within the two-month period referred to in rule 69(2)(c), unless—

- (a) the dividend is postponed or cancelled in accordance with rule 73, or
- (b) paragraph (2) applies.

(2) The nuclear administrator must not declare a dividend so long as there is pending any application to the court to—

- (a) reverse or vary a decision of the nuclear administrator on a proof,
- (b) exclude a proof, or
- (c) reduce the amount claimed.

(3) The court may give permission for the nuclear administrator to declare a dividend even where paragraph (2) applies.

(4) Where the court gives permission under paragraph (3), the nuclear administrator must make such provision in respect of the proof in question as the court directs.

- (b) payments made by the nuclear administrator when acting as such;

(2) Payment of the dividend may be made by post, or arrangements may be made with any creditor for it to be paid to the creditor in another way, or held for the creditor's collection.

Notice of no dividend, or no further dividend

77.—(1) If the nuclear administrator delivers notice to creditors that the nuclear administrator is unable to declare any dividend or any further dividend (as the case may be), the notice must contain a statement to the effect either—

- (a) that no funds have been realised, or
- (b) that the funds realised have already been distributed or used or allocated for paying the expenses of relevant licensee nuclear company administration.

(2) The information required by paragraph (2) may be included in a progress report (see rule 26).

Proof altered after payment of dividend

78.—(1) Paragraph (2) applies if, after payment of a dividend, the amount claimed by a creditor in the creditor’s proof is increased.

(2) Where this paragraph applies, the creditor is not entitled to disturb the distribution of the dividend but is entitled to be paid, out of any money for the time being available for the payment of any further dividend, any dividend which the creditor has failed to receive.

(3) Any dividend payable under paragraph (2) must be paid before the money there referred to is applied to the payment of any such further dividend.

(4) If, after a creditor’s proof has been admitted, the proof is withdrawn or excluded, or the amount is reduced, the creditor is liable to repay to the nuclear administrator, for the credit of the relevant licensee nuclear company administration, any amount overpaid by way of dividend.

Secured creditors

79.—(1) Paragraphs (2) to (4) apply where a creditor alters the value of the creditor’s security at a time when a dividend has been declared.

(2) If the alteration results in a reduction of the creditor’s unsecured claim ranking for dividend, the creditor must as soon as reasonably practicable repay to the nuclear administrator, for the credit of the relevant licensee nuclear company administration, any amount received by the creditor as dividend in excess of that to which the creditor would be entitled having regard to the alteration of the value of the security.

(3) If the alteration results in an increase of the creditor’s unsecured claim, the creditor is entitled to receive from the nuclear administrator, out of any money for the time being available for the payment of a further dividend, before any such further dividend is paid, any dividend which the creditor has failed to receive, having regard to the alteration of the value of the security.

(4) The creditor is not entitled to disturb any dividend declared, whether or not distributed, before the date of the alteration.

Disqualification from dividend

80. If a creditor contravenes any provision of the 1986 Act or these Rules relating to the valuation of securities, the court may, on the application of the nuclear administrator, order that the creditor be wholly or partly disqualified from participation in any dividend.

Assignment of right to dividend

81.—(1) If a person entitled to a dividend (a “relevant person”) delivers notice to the nuclear administrator that the relevant person wishes the dividend to be paid to another person, or that the relevant person has assigned the entitlement to another person, the nuclear administrator must pay the dividend to that other person accordingly.

(2) A notice under paragraph (1) must specify the name and address of the person to whom payment is to be made.

Adjustment where dividend paid before time

82.—(1) Where a creditor has proved for a debt of which payment is not due at the date of the declaration of a dividend, the creditor is entitled to the dividend equally with other creditors, but subject as follows.

(2) For the purpose of dividend (and no other purpose), the amount of the creditor's admitted proof (or, if a distribution has previously been made to the creditor, the amount remaining outstanding in respect of the creditor's admitted proof) is to be reduced by applying the following formula—

$$x / 1.05n$$

where—

- (a) "x" is the value of the admitted proof, and
- (b) "n" is the period beginning with the date on which the relevant licensee nuclear company entered relevant licensee nuclear company administration and ending with the date on which the payment of the creditor's debt would otherwise be due expressed in years (part of a year being expressed as a decimal fraction of a year).

PART 11

Court Procedure and Practice

CHAPTER 1

Applications

Preliminary

101. This Chapter applies to any application made to the court in relevant licensee nuclear company administration proceedings, except an application for an RLNC administration order.

Contents of application

- 102.**—(1) Each application must state—
- (a) that the application is made under the 1986 Act or these Rules (as applicable);
 - (b) the section of the 1986 Act, or paragraph of a Schedule to the 1986 Act, or the number of the rule under which it is made (as the case may be);
 - (c) the names of the parties;
 - (d) the name of the relevant licensee nuclear company which is the subject of the relevant licensee nuclear company administration proceedings;
 - (e) the court (and where applicable, the division or district registry of that court) in which the application is made;
 - (f) where the court has previously allocated a number to the relevant licensee nuclear company administration proceedings within which the application is made, that number;
 - (g) the nature of the remedy or order applied for or the directions sought from the court;
 - (h) the names and addresses of the persons on whom it is intended to serve the application or that no person is intended to be served;
 - (i) where the 1986 Act or these Rules require that notice of the application is to be delivered to specified persons, the names and addresses of all those persons so far as known to the applicant;
 - (j) the applicant's address for service.

(2) The application must be authenticated by the applicant if the applicant is acting in person or, when the applicant is not so acting, by or on behalf of the applicant's solicitor.

Application under section 176A(5) of the 1986 Act to disapply section 176A of the 1986 Act

103.—(1) An application under section 176A(5) of the 1986 Act must be accompanied by a witness statement by the nuclear administrator.

- (2) The witness statement must—
- (a) state that the application arises in the course of a relevant licensee nuclear company administration;
 - (b) contain a summary of the financial position of the relevant licensee nuclear company;

(c) contain the information substantiating the nuclear administrator's view that the cost of making a distribution to unsecured creditors would be disproportionate to the benefits.

(3) An application under section 176A(5) of the 1986 Act may be made without the application being served upon or notification to any other party.

Notice of order under section 176A(5) of the 1986 Act

104.—(1) Where the court makes an order under section 176A(5) of the 1986 Act, it must as soon as reasonably practicable deliver two sealed copies of the order to the nuclear administrator.

(2) Where the court has made an order under section 176A(5) of the 1986 Act, the nuclear administrator must as soon as reasonably practicable deliver notice of the order to each creditor of whose address and claim the nuclear administrator is aware.

(3) The court may direct that the requirement in paragraph (2) is complied with if a notice is published by the nuclear administrator which, in addition to containing the contents required by Chapter 4 of Part 13, states that the court has made an order disapplying the requirement to set aside the prescribed part.

(4) As soon as reasonably practicable a notice under paragraph (3)—

(a) must be gazetted;

(b) may be advertised in such other manner as the nuclear administrator thinks fit.

(5) The nuclear administrator must deliver a copy of the order to the registrar of companies as soon as reasonably practicable after the making of the order.

Filing and service of application

105.—(1) An application filed with the court in hard copy form must be accompanied by one copy and a number of additional copies equal to the number of persons who are to be served with the application.

(2) Where an application is filed with the court, the court must fix a venue for the application to be heard unless—

(a) it considers it is not appropriate to do so,

(b) the rule under which the application is brought provides otherwise, or

(c) the case is one to which rule 106 applies.

(3) The applicant must serve a sealed copy of the application, endorsed with the venue for the hearing, on the respondent named in the application unless the court directs, or these Rules provide, otherwise.

(4) The court may also give one or more of the following directions—

(a) that the application be served upon persons other than those specified by the relevant provision of the 1986 Act or these Rules;

(b) that service upon any person may be dispensed with;

(c) that such persons be notified of the application and venue in such other a way as the court specifies;

(d) such other directions as the court sees fit.

(5) A sealed copy of the application must be served at least 14 days before the date fixed for its hearing unless—

(a) the provision of the 1986 Act or these Rules under which the application is made makes different provision, or

(b) the case is one to which paragraph (6) applies (urgency).

(6) Where the case is one of urgency, the court may (without limiting its general power to extend or abridge time limits)—

(a) hear the application immediately, either with or without notice to, or the attendance of, other parties, or

(b) authorise a shorter period of service than that provided for by paragraph (5);

and any such application may be heard on terms providing for the filing or service of documents, or the carrying out of other formalities, as the court thinks just.

Hearings without notice

106. Where the provisions of the 1986 Act or these Rules do not require service of the application on, or notice of it to be delivered to, any person, the court may—

(a) hear the application as soon as reasonably practicable without fixing a venue,

(b) fix a venue for the application to be heard, in which case rule 105 applies to the extent that it is relevant, or

(c) determine the application without a hearing,

but nothing in those provisions is to be taken as prohibiting the applicant from giving such notice if the applicant wishes to do so.

Hearing of application

107.—(1) In the High Court, the jurisdiction of the court to hear and determine an application may be exercised by an Insolvency and Companies Court Judge or district judge of the High Court, to whom any application must be made in the first instance, unless—

(a) a direction to the contrary has been given, or

(b) it is not within the judge's power to make the order required.

(2) Where the application is made to an Insolvency and Companies Court Judge or district judge of the High Court, that judge may refer to a High Court Judge any matter which the Insolvency and Companies Court Judge or district judge of the High Court thinks should properly be decided by a High Court Judge.

(3) Following a reference under paragraph (2) the High Court Judge may either dispose of the matter or refer it back to the Insolvency and Companies Court Judge or district judge of the High Court with such directions as the High Court Judge thinks just.

(4) Nothing in this rule precludes an application being made directly to a High Court Judge in a proper case.

Witness statements

108.—(1) Where evidence is required by the 1986 Act or these Rules as to any matter, such evidence may be given by witness statement unless—

(a) in any specific case a rule or the 1986 Act makes different provision, or

(b) the court otherwise directs.

(2) Paragraph (1) is subject to rule 109 (use of reports).

(3) Unless the provisions of the 1986 Act or these Rules under which the application is made provide otherwise, or the court otherwise directs—

- (a) if the applicant intends to rely at the first hearing on evidence in a witness statement, the applicant must file the witness statement with the court and serve a copy on the respondent, not less than 14 days before the date fixed for the hearing, and
 - (b) where a respondent to an application intends to oppose it and rely for that purpose on evidence in a witness statement, the respondent must file the witness statement with the court and serve a copy on the applicant, not less than five business days before the date fixed for the hearing.
- (4) The court may, on the application of any party to the matter in question, order the attendance for cross-examination of the person making the witness statement.
- (5) Where, after such an order has been made, the person in question does not attend, that person's witness statement must not be used in evidence without the permission of the court.

Use of reports

- 109.**—(1) A report may be filed in court by the nuclear administrator instead of a witness statement, unless the application involves other parties or the court otherwise directs.
- (2) In any case where a report is filed instead of a witness statement, the report is to be treated for the purposes of rule 108 and any hearing before the court as if it were a witness statement.

Directions and adjournment

- 110.**—(1) The court may at any time give such directions as it thinks just as to the following—
- (a) service or notice of the application on or to any other person;
 - (b) whether the application is to be served and generally the procedure on the application, including whether a hearing is necessary;
 - (c) the matters, if any, to be dealt with in evidence;
 - (d) the manner in which any evidence is to be provided and, in particular, as to the following—
 - (i) the taking of evidence wholly or partly by witness statement or orally;
 - (ii) any report to be made by the nuclear administrator;
 - (iii) the cross-examination of the maker of a witness statement or of a report.
- (2) The court may adjourn the hearing of an application on such terms as it thinks just.

CHAPTER 2

Enforcement Procedures

Enforcement of court orders

- 111.** In relevant licensee nuclear company administration proceedings, orders of the court may be enforced in the same manner as a judgment to the same effect.

Orders enforcing compliance

- 112.**—(1) The court may, on an application by the nuclear administrator, make such orders as it thinks necessary for the enforcement of obligations falling on any person in accordance with—
- (a) paragraph 47 of Schedule B1 to the 1986 Act (duty to submit statement of affairs), or
 - (b) section 235 of the 1986 Act (duty to co-operate with nuclear administrator).
- (2) An order of the court under this rule may provide that all costs of and incidental to the application for it are to be borne by the person against whom the order is made.

Warrant under section 236 of the 1986 Act

113.—(1) For the purpose of the issue of a warrant under section 236 of the 1986 Act⁽⁴⁰⁾ (inquiry into insolvent company’s dealings), the persons referred to in that section as the prescribed officer of the court are the tipstaff and the tipstaff’s assistants of the court.

(2) In this rule, references to property include books, papers and other documents and records.

(3) When a person is arrested under a warrant issued under section 236 of the 1986 Act (“the arrested person”), the arresting officer must as soon as reasonably practicable bring the arrested person before the court issuing the warrant in order that the arrested person may be examined.

(4) If the arrested person cannot immediately be brought up for examination, the officer must deliver the arrested person into the custody of the relevant prison governor.

(5) The relevant prison governor must keep the arrested person in custody and produce the arrested person before the court as the court may from time to time direct.

(6) After arresting the person named in the warrant, the officer must as soon as reasonably practicable report to the court the arrest or delivery into custody (as the case may be) and apply to the court to fix a venue for the arrested person’s examination.

(7) The court must appoint the earliest practicable time for the examination, and must—

(a) direct the relevant prison governor to produce the arrested person for examination at the time and place appointed;

(b) as soon as reasonably practicable deliver notice of the venue to the nuclear administrator.

(8) Where any property in the arrested person’s possession is seized, the property must, as directed by the warrant, be—

(a) delivered to whoever is specified in the warrant as authorised to receive it, or otherwise dealt with in accordance with the directions in the warrant, or

(b) kept by the officer seizing it pending the receipt of written orders from the court as to its disposal.

(9) In this rule, “the relevant prison governor” means—

(a) the governor of the prison named in the warrant, or

(b) where that prison is not able to accommodate the arrested person, the governor of such other prison, with appropriate facilities, that is able to accommodate the arrested person.

CHAPTER 3

The Court File

Court file

114.—(1) The court must open and maintain a file (the “court file”) in any case where documents are filed with it under the 1986 Act or these Rules.

(2) Any documents which are filed with the court under the 1986 Act or these Rules must be placed on the court file.

(3) The following persons may inspect the court file, or obtain from the court a copy of the court file, or of any document in the court file—

(a) the nuclear administrator;

(b) the Secretary of State;

(c) the Gas and Electricity Markets Authority;

⁽⁴⁰⁾ Section 236 was amended by [S.I. 2010/18](#).

 - (e) a person who is, or at any time has been, a director or officer of the relevant licensee nuclear company;
 - (f) a person who is a member of the relevant licensee nuclear company.
- (4) A person’s right to inspect or obtain copies may be exercised on that person’s behalf by someone authorised to do so by that person.
- (5) Any person who is not otherwise entitled to inspect the court file or obtain copies may do so if the court gives permission.
- (6) The court may direct that the court file, a document (or part of it) or a copy of a document (or part of it) must not be made available under paragraph (3) or (4) without the permission of the court.
- (7) An application for a direction under paragraph (6) may be made by—
- (a) the nuclear administrator, or
 - (b) any person appearing to the court to have an interest.
- (8) Inspection of the court file, with permission if required, may be at any reasonable time.
- (9) The right to a copy of a document is subject to payment of the fee chargeable under an order made under section 92 of the Courts Act 2003(41).
- (10) The following applications may be made without notice to any other party, but the court may direct that notice must be delivered to any person who would be affected by its decision—
- (a) an application for permission to inspect the court file or obtain a copy of a document under paragraph (5);
 - (b) an application for a direction under paragraph (6).
- (11) If for the purposes of powers conferred by the 1986 Act or these Rules, the Secretary of State or the nuclear administrator requests the transmission of the court file, the court must comply with the request (unless the file is for the time being in use for the court’s own purposes).

Office copies of documents

- 115.**—(1) The court must provide an office copy of a document from the court file to a person who has under these Rules the right to inspect the court file where that person has requested such a copy and paid the fee under rule 114(9).
- (2) A person’s right under this rule may be exercised on that person’s behalf by someone authorised to do so by that person.
- (3) An office copy provided by the court under this rule must be in such form as the relevant judge thinks appropriate, and must bear the court’s seal.
- (4) In this rule, “relevant judge” means the High Court Judge, Insolvency and Companies Court Judge or district judge of the High Court before whom the proceedings are brought.

CHAPTER 4

Costs and Detailed Assessment

Application and interpretation

- 116.**—(1) This Chapter applies to costs of and in connection with relevant licensee nuclear company administration proceedings.

(41) Section 92 was amended by the Constitutional Reform Act 2005, Schedule 4, paragraph 345 and Schedule 11, paragraph 4 and the Crime and Courts Act 2013, Schedule 9, paragraph 40 and Schedule 10, paragraph 95.

- (2) In this Chapter, “costs” includes charges and expenses.
- (3) CPR Parts 44 and 47(42) (which relate to costs) apply to such costs.

Requirement to assess costs by the detailed procedure

117.—(1) Where the costs of any person are payable as an expense out of the assets of the relevant licensee nuclear company, the amount payable must be decided by detailed assessment unless agreed between the nuclear administrator and the person entitled to payment.

(2) In the absence of such agreement, the nuclear administrator may serve notice requiring the person entitled to payment to commence detailed assessment proceedings in accordance with CPR Part 47.

(3) Detailed assessment proceedings must be commenced in the court to which the relevant licensee nuclear company administration proceedings are allocated.

(4) Where the costs of any person employed by the nuclear administrator in relevant licensee nuclear company administration proceedings are required to be decided by detailed assessment or fixed by order of the court, the nuclear administrator may make payments on account to such person in respect of those costs provided that person undertakes in writing—

- (a) to repay as soon as reasonably practicable any money which may, when detailed assessment is made, prove to have been overpaid, and
- (b) to pay interest on any such sum as is mentioned in sub-paragraph (a) at the rate specified in section 17 of the Judgments Act 1838 on the date payment was made and for the period beginning with the date of payment and ending with the date of repayment.

(5) In any proceedings before the court, the court may order costs to be decided by detailed assessment.

Procedure where detailed assessment required

118.—(1) Before making a detailed assessment of the costs of any person employed in relevant licensee nuclear company administration proceedings by the nuclear administrator, the costs officer must require a certificate of employment, which must be endorsed on the bill and authenticated by the nuclear administrator.

- (2) The certificate must include the following—
 - (a) the name and address of the person employed;
 - (b) details of the functions to be carried out under the employment;
 - (c) a note of any special terms of remuneration which have been agreed.

(3) Every person whose costs in relevant licensee nuclear company administration proceedings are required to be decided by detailed assessment must, on being required in writing to do so by the nuclear administrator, commence detailed assessment proceedings in accordance with CPR Part 47.

(4) If that person does not commence detailed assessment proceedings within three months of being required to do so under paragraph (3), or within such further time as the court, on application, may permit, the nuclear administrator may deal with the assets of the relevant licensee nuclear company without regard to any claim for costs by that person, whose claim is forfeited by such failure to commence proceedings.

(5) Where in any such case such a claim for costs lies additionally against a nuclear administrator in the nuclear administrator’s personal capacity, that claim is also forfeited by such failure to commence proceedings.

(42) Parts 44 and 47 were substituted for new Parts 44 and 47 by [S.I. 2013/262](#). Part 44 was amended by [S.I. 2017/95](#) and [2023/105](#). Part 47 was amended by [S.I. 2014/407](#) and [2022/101](#).

Costs paid otherwise than out of the assets of the relevant licensee nuclear company

119. Where the amount of costs is decided by detailed assessment under an order of the court directing that the costs are to be paid otherwise than out of the assets of the relevant licensee nuclear company, the costs officer must note on the final costs certificate by whom, or the manner in which, the costs are to be paid.

Award of costs against nuclear administrator

120. Without prejudice to any provision of the 1986 Act or these Rules by virtue of which the nuclear administrator is not in any event to be liable for costs and expenses, where a nuclear administrator is made a party to any proceedings on the application of another party to the proceedings, the nuclear administrator is not to be personally liable for the costs unless the court otherwise directs.

Application for costs

121.—(1) This rule applies where a party to, or person affected by, relevant licensee nuclear company administration proceedings—

- (a) applies to the court for an order allowing their costs, or part of them, of or incidental to the proceedings, and
- (b) that application is not made at the time of the proceedings.

(2) The applicant must serve a sealed copy of the application on the nuclear administrator.

(3) The nuclear administrator may appear on the application.

(4) No costs of or incidental to the application are to be allowed to the applicant unless the court is satisfied that the application could not have been made at the time of the proceedings.

Costs and expenses of witnesses

122.—(1) An officer of the relevant licensee nuclear company to which the relevant licensee nuclear company administration proceedings relate is not to receive an allowance as a witness in an examination or other proceedings before the court except as directed by the court.

(2) A person making any application in relevant licensee nuclear company administration proceedings is not to receive an allowance as a witness for attending the hearing of the application, but the costs officer may allow that person's expenses of travelling and subsistence.

Final costs certificate

123.—(1) A final costs certificate of the costs officer is final and conclusive as to all matters which have not been objected to in the manner provided for under the CPR.

(2) Where it is proved to the satisfaction of a costs officer that a final costs certificate has been lost or destroyed, the costs officer may issue a duplicate.

CHAPTER 5

Persons who Lack Capacity to Manage their Affairs

Introduction

124.—(1) The rules in this Chapter apply where it appears to the court in relevant licensee nuclear company administration proceedings that a person affected by the proceedings is unable to manage and administer that person's own property and affairs by reason of—

- (a) lacking capacity within the meaning of the Mental Capacity Act 2005(43),
 - (b) suffering from a physical affliction, or
 - (c) disability.
- (2) Such a person is referred to in this Chapter as “the incapacitated person”.

Appointment of another person to act

125.—(1) The court may appoint such person as it thinks just to appear for, represent or act for the incapacitated person.

(2) The appointment may be made either generally or for the purpose of a particular application or proceeding, or for the exercise of particular rights or powers which the incapacitated person might have exercised but for the incapacitated person’s incapacity.

- (3) The court may make the appointment either of its own motion or on application by—
- (a) a person who has been appointed by a court in the United Kingdom or elsewhere to manage the affairs of, or to represent, the incapacitated person;
 - (b) any person who appears to the court to be a suitable person to make the application;
 - (c) the nuclear administrator.

(4) An application under paragraph (3) may be made without notice to any other party.

(5) The court may require such notice of the application as it thinks necessary to be delivered to the person alleged to be incapacitated, or any other person, and may adjourn the hearing of the application to enable the notice to be delivered.

Witness statement in support of application

126. An application under rule 125(3) must be supported by a witness statement made by a registered medical practitioner as to the mental or physical condition of the incapacitated person.

Service of notices following appointment

127. Any notice served on, or sent to, a person appointed under rule 125 has the same effect as if it had been served on, or sent to, the incapacitated person.

CHAPTER 6

Appeals in Relevant Licensee Nuclear Company Administration Proceedings

Appeals and reviews

128.—(1) A court which has jurisdiction in relation to relevant licensee nuclear company administration proceedings may review, rescind or vary any order made by it in the exercise of that jurisdiction.

(2) An appeal made in the exercise of the court’s jurisdiction in relation to relevant licensee nuclear company administration proceedings lies—

- (a) from a decision of an Insolvency and Companies Court Judge or district judge of the High Court, to a High Court Judge;
- (b) from a decision of a High Court Judge, to the Civil Division of the Court of Appeal.

(3) In this rule, “Civil Division of the Court of Appeal” means the division of the Court of Appeal established by section 3(1) of the Senior Courts Act 1981⁽⁴⁴⁾.

(3) The procedure set out in CPR Part 52 applies to any appeal to which this Chapter applies.

CHAPTER 7

General

Principal court rules and practice to apply

130.—(1) The provisions of the CPR (including any related practice directions) apply to relevant licensee nuclear company administration proceedings with any necessary modifications, except so far as disapplied by or inconsistent with these Rules.

(2) Relevant licensee nuclear company administration proceedings must be allocated to the multi-track, for which CPR Part 29⁽⁴⁶⁾ makes provision, and accordingly those provisions of the CPR which provide for directions questionnaires and track allocation do not apply.

(3) CPR Part 32 (evidence) applies to a false statement in a document verified by a statement of truth made under these Rules as it applies to a false statement in a document verified by a statement of truth made under CPR Part 22 (statements of truth).

Performance of functions by the court

131.—(1) In relevant licensee nuclear company administration proceedings, anything to be done by, to or before the court may be done by, to or before a High Court Judge, Insolvency and Companies Court Judge or district judge of the High Court.

(2) The Insolvency and Companies Court Judge or district judge of the High Court may authorise any act of a formal or administrative character which is not in accordance with any enactment that person’s responsibility to be carried out by the chief clerk or any other officer of the court acting on that person’s behalf, in accordance with directions given by the Lord Chancellor.

(3) The hearing of an application must be in open court unless the court directs otherwise.

Rights of audience

132. Rights of audience in relevant licensee nuclear company administration proceedings are the same as in insolvency proceedings.

Formal defects

133. No relevant licensee nuclear company administration proceedings are to be invalidated by any formal defect or any irregularity, unless the court before which objection is made considers that

⁽⁴⁴⁾ Section 3 has been amended but no amendments are relevant to this instrument.

⁽⁴⁵⁾ Part 52 was substituted for a new Part 52 by S.I. 2016/788. It was amended by S.I. 2017/95, 2017/889, 2020/82, 2021/855, 2022/101, 2022/783 and 2023/105.

⁽⁴⁶⁾ Part 29 was amended by S.I. 2002/2058, 2005/2292, 2013/262 and 2013/1974.

substantial injustice has been caused by the defect or irregularity, and that the injustice cannot be remedied by any order of the court.

134.—(1) The court may in writing nominate a person to be official shorthand writer to the court.

(2) The court may, at any time in the course of relevant licensee nuclear company administration proceedings, appoint a shorthand writer to take down evidence of a person examined under section 236 of the 1986 Act.

(3) The remuneration of a shorthand writer appointed in relevant licensee nuclear company administration proceedings must be paid by the party at whose instance the appointment was made, or out of the assets of the relevant licensee nuclear company or otherwise, as the court may direct.

(4) Any question arising as to the rates of remuneration payable under this rule must be determined by the court.

Payment into court

(3) The provisions of CPR rule 3.1(2)(a) (the court’s general powers of management) apply so as to enable the court to extend or shorten the time for compliance with anything required or authorised to be done by these Rules.

(4) Paragraph (3) is subject to any time limits expressly stated in the relevant legislation and to any specific powers in the relevant legislation or these Rules to extend or shorten the time for compliance.

(5) In this rule, “relevant legislation” means—

- (a) the 1986 Act;
- (b) sections 154 to 171 of, and Schedules 20 and 21 to, the 2004 Act(**53**).

(52) CPR rule 2.8 was amended by [S.I. 2009/3390](#) and [2022/783](#).

(53) Section 54 was amended by the Energy Act (c. 32), sections 48(2) and 156(2). Section 55 was amended by the Energy Act (c. 32), sections 48(3) and 156(2). Section 170 was amended by the Energy Act 2011 (c. 16), sections 100(3) and 121(3) and the Nuclear Energy (Financing) Act 2022 (c. 15), sections 37(2) and 44(1)(c)(2)(c).

PART 14

Miscellaneous

False claim of status as creditor, etc.

182. Where these Rules provide for creditors, members or contributories of a relevant licensee nuclear company a right to inspect any documents, whether on the court file or in the hands of a nuclear administrator or other person, it is an offence for a person, with the intention of gaining sight of documents which the person has not under these Rules any right to inspect, falsely to claim a status which would entitle the person to inspect them.

Punishment of offences

183.—(1) The Schedule to these Rules has effect with respect to the way in which contraventions of these Rules are punishable on conviction.

(2) In relation to an offence under a provision of the rules specified in the first column of the Schedule (the general nature of the offence being described in the second column), the third column shows whether the offence is punishable on conviction on indictment, or on summary conviction, or either in the one way or the other.

(3) The fourth column shows, in relation to an offence, the maximum punishment by way of fine or imprisonment which may be imposed on a person convicted of the offence in the way specified in relation to it in the third column (that is to say, on indictment or summarily), a reference to a period of years or months being to a term of imprisonment of that duration.

(4) The fifth column shows (in relation to an offence for which there is an entry in that column) that a person convicted of the offence after continued contravention is liable to a daily default fine; that is to say, the person is liable on a second or subsequent conviction of the offence to the fine specified in that column for each day on which the contravention is continued (instead of the penalty specified for the offence in the fourth column of the Schedule).

(5) Section 431 of the 1986 Act (summary proceedings)(**54**), as it applies to England and Wales, has effect in relation to offences under these Rules as to offences under the 1986 Act.

Review

184.—(1) The Secretary of State must from time to time—

- (a) carry out a review of the regulatory provision contained in these Rules, and
- (b) publish a report setting out the conclusions of the review.

(2) The first report must be published before the end of the period of five years beginning with the date on which these Rules come into force.

(3) Subsequent reports must be published at intervals not exceeding five years.

(4) Section 30(4) of the Small Business, Enterprise and Employment Act 2015 requires that a report published under this rule must, in particular—

- (a) set out the objectives intended to be achieved by the regulatory provision referred to in paragraph (1)(a),
- (b) assess the extent to which those objectives are achieved,
- (c) assess whether those objectives remain appropriate, and

(54) Section 431 was amended by the Corporate Insolvency and Governance Act 2020, Schedule 3, paragraph 27.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(d) if those objectives remain appropriate, assess the extent to which they could be achieved in another way which involves less onerous regulatory provision.

(5) In this rule, “regulatory provision” has the same meaning as in sections 28 to 32 of the Small Business, Enterprise and Employment Act 2015 (see section 32 of that Act).
