

### SCHEDULE 3

#### Information required to be published

##### *Monitoring stations: location details*

2. In relation to each monitoring station—
  - (a) a map of its location and photographs of the surrounding area;
  - (b) the precise location of the sampling inlet including its height above the ground.
3. In relation to each monitoring station at a near-source site—
  - (a) a description of the predominant nearby source of PM<sub>2.5</sub> emissions;
  - (b) the distance of the monitoring station from that source.
