Regulation 3 provides for charges associated with assessing applications for a glue trap licence or the modification of a glue trap licence and requesting further information from the applicant. These consist of a fixed charge, set out in Column 3 of the Schedule to the Regulations and an additional charge of £121 per hour to be calculated according to the number of hours reasonably spent by Natural England in assessing an application for a glue trap licence or modification of a glue trap licence and requesting further information from the applicant. Regulation 3 also enables Natural England to reduce or remit any charge payable under these Regulations.
