PART 5

Compensation payments – IBSS route

Compensation payments under the IBSS route

- 22.—**(1) A compensation payment is to be paid under the Scheme in relation to an IBSS-registered person (“P”) who is not deceased in accordance with this Part.
- (2) Regulations 8(2) and (4) to (6), 9 and 10, 11(1) to (4), and 12 to 16 apply—
- (a) in relation to a compensation payment under the IBSS route as they apply in relation to a compensation payment under the core route, and
 - (b) in relation to an IBSS-registered person as they apply in relation to an eligible infected person who is not an IBSS-registered person.

- (3) The IBCA must—
- (a) determine the amounts of each compensation payment in relation to P in accordance with—
 - (i) regulation 11(1) to (3) (“the core route amount”), and
 - (ii) regulation 23 (“the IBSS route amount”),
 - (b) make an offer to the relevant person in accordance with regulation 10, and, in addition to the matters set out in regulation 10(2), the offer must also include—
 - (i) the IBSS route amount, and
 - (ii) information about the election that may be made in accordance with paragraph (4) (including that electing for the core route amount means that the amount of the compensation payment set out in the offer may not reflect the final amount of the payment, as it will be reduced by the amount of any support scheme payments received in relation to the period after 31st March 2025), and
 - (c) if the offer is accepted in accordance with regulation 10 (and subject to paragraph (5)), as soon as reasonably practicable—
 - (i) pay the compensation payment as a lump sum, or
 - (ii) where the relevant person makes a periodic payment election, commence periodic payments in accordance with regulation 13.
- (4) The relevant person may, when accepting an offer made pursuant to paragraph (3)(b), elect to receive a compensation payment of the core route amount or the IBSS route amount and if no such election is made the compensation payment will be of the IBSS route amount.
- (5) But if the relevant person elects to receive a compensation payment of the core route amount, the compensation payment is not payable until the IBCA is satisfied that P is no longer registered under an infected blood support scheme.
- (6) Where the IBCA is satisfied that P is no longer registered under an infected blood support scheme—
- (a) P is no longer to be treated as an IBSS-registered person,
 - (b) P is to be treated as if Part 4 applies, and had always applied, in relation to them (and, accordingly, that any steps taken in relation to P under the provisions of Part 4 as applied by this Part had been taken under Part 4), and
 - (c) this Part no longer applies in relation to P.

Amount of compensation payment under the IBSS route

23.—(1) The amount of a compensation payment in relation to an IBSS-registered person (“P”) is $T - (D + I)$, where—

 - the autonomy award determined in relation to P in accordance with regulation 16,
 - the past financial loss award determined in accordance with regulation 25,
 - the past care award determined in accordance regulation 26, and
 - the support scheme top-up award payment determined in accordance with regulation 27.

Interpretation of regulations 25 to 27

24. In a formula set out in regulations 25 to 27—

“CP” is the care award determined in relation to an IBSS-registered person in accordance with regulation 21;

“FL” is the sum of—

- the basic financial loss award determined in relation to an IBSS-registered person in accordance with regulation 17, and
- the additional financial loss award determined in accordance with regulation 18 together with whichever of regulation 19 or 20 applies in relation to the IBSS-registered person;

“HLE”, in relation to an IBSS-registered person, means the year in which that person would attain the age of their healthy life expectancy;

“YI”, in relation to an IBSS-registered person, means that person’s first year of infection.

Past financial loss award

25. The amount of the past financial loss award in relation to an IBSS-registered person is $((2024 - YI) \div (HLE - YI)) \times FL + ((FL \div (HLE - YI)) \times 0.25)$.

Past care award

26. The amount of the past care award in relation to an IBSS-registered person is $((2024 - YI) \div (HLE - YI)) \times CP + ((CP \div (HLE - YI)) \times 0.25) \times 0.75$.

Support scheme top-up award

27.—(1) The amount of the support scheme top-up award in relation to an IBSS-registered person (“P”) is $(FFL + FCP) - ((S \times (HLE - 2025)) + (S \times 0.75))$, where—

- “FFL” is the future financial loss award in relation to P, being $((HLE - 2025) \div (HLE - YI)) \times FL + ((FL \div (HLE - YI)) \times 0.75)$;
- “FCP” is the future care award in relation to P, being $((HLE - 2025) \div (HLE - YI)) \times CP + ((CP \div (HLE - YI)) \times 0.75)$;
- “S” is the amount of the relevant support scheme payment.

(2) In paragraph (1)(c), “relevant support scheme payment” means the sum of the annual rates of any support scheme payments payable in relation to P immediately before 1st April 2025.

(3) Where the amount of the support scheme top-up award is less than £0, that amount is to be treated as £0.

Future financial loss and future care awards where an IBSS-registered person dies

28.—(1) Where the IBCA is notified that an IBSS-registered person has died, the IBCA must determine which is the greater of—

- (a) the sum of—
 - (i) the future financial loss award determined in relation to P in accordance with regulation 27(1)(a) as increased in accordance with paragraph (3) of this regulation, and
 - (ii) the future care award determined in relation to P in accordance with regulation 27(1)(b) as increased in accordance with paragraph (3) of this regulation, and
- (b) the sum of all support scheme payments paid in relation to P in relation to the period beginning with 1st April 2025 and ending with the date of P's death.

(2) Where the amount described in paragraph (1)(a) is greater than the amount described in paragraph (1)(b), the IBCA must pay an amount equal to the difference between those amounts to P's personal representatives as a lump sum.

(3) For the purposes of paragraph (1), the future financial loss award and the future care award are to be treated as if they had been, at the beginning of each April during the period—

- (a) beginning with the month in which the compensation payment became payable in relation to P (but if the compensation payment became payable in April, that April is to be disregarded), and
- (b) ending with the date of P's death,

increased by the same percentage as the percentage increase (if any) in the consumer price index over the 12-month period up to the month of September before that April.

31. An application is deemed to have been made on the date on which it is received by the IBCA.

Time limit for making an application

32. An application must be made by—

- (a) the end of 31st March 2031, or
- (b) if later, the end of the period of six years beginning with the day on which the person to whom the application relates was diagnosed with an infection specified in regulation 7(3).

Applications for those registered under an infected blood support scheme

33.—(1) Before deciding an application, the IBCA must determine whether the person (“B”) in respect of whom the application is made is registered under an infected blood support scheme (“IBSS-registered”), and—

- (a) if B is not IBSS-registered, whether B is in the process of applying to be IBSS-registered;

- (b) if B is IBSS-registered, whether B is in the process of applying to have their treatment under the infected blood support scheme varied because of a change in the severity of their infection.
- (2) If B is in the process of either of the applications described in paragraph (1)(a) or (b) (an “IBSS application”), then the IBCA must defer consideration of any matter in the application under this Part until the IBSS application has been finally determined.
- (3) An IBSS application is finally determined if—
- (a) it is decided or withdrawn, and
 - (b) all routes of review or appeal of a decision on the application have been exhausted (including where any periods for requesting a review or bringing an appeal have expired).
- (4) The IBCA may by written notice require the applicant to provide any information relevant to establishing a matter which the IBCA must determine in accordance with this regulation.

Amendment or withdrawal of application by the applicant

34.—(1) An applicant may amend an application by notice given to the IBCA at any time before notice of the decision on the application has been given to the applicant by the IBCA.

(2) An applicant may, by giving notice to the IBCA, withdraw their application at any time before the IBCA has made a decision on it.

(3) Any notice of withdrawal given in accordance with paragraph (2) has effect when it is received by the IBCA.

(4) Where an applicant has withdrawn an application under paragraph (2)—

- (a) that application may not be reinstated, but
- (b) the applicant may make a further application in accordance with the provisions of these Regulations.

Duty of applicants

35.—(1) As soon as reasonably practicable, an applicant must inform the IBCA of—

- (a) any matter that comes to the applicant’s attention which may be relevant to the question of whether a person is eligible for a payment, or the amount of such a payment, under the Scheme, and
- (b) any change in—
 - (i) the applicant’s address for correspondence, or
 - (ii) the bank details of any person who is to receive a payment under the Scheme.

(2) An applicant must, so far as reasonably practicable and within any period specified by the IBCA, provide any other assistance to the IBCA which the IBCA requests in connection with the consideration of the application.

Death before an application has been finally determined

36.—(1) Paragraph (2) applies where—

- (a) an application (“the original application”) is made by or on behalf of a person (“B”) who is not deceased when the application is made, and
- (b) B dies—
 - (i) before the IBCA has decided in accordance with regulation 39(1)(a) whether B is an eligible infected person,
 - (ii) where the IBCA has made an offer in accordance with regulation 10, before the offer is accepted, or

- (iii) where the IBCA has decided in accordance with regulation 39(1)(a) that B is not an eligible infected person, before the right to request a review of that decision under regulation 40 has been exhausted.
- (2) Where this paragraph applies—
- (a) the original application is to be treated as if it had been withdrawn,
 - (b) any offer made in accordance with regulation 10 is revoked, and
 - (c) no review may be commenced under regulation 40 in respect of the original application, and any review so commenced is to be treated as if it had not been commenced.

Evidence

- 37.**—(1) An application must be accompanied by evidence as to—
- (a) the diagnosis of the infection caused as a result of the person receiving treatment with blood, blood products or tissue known to be capable of transmitting an infection specified in regulation 7(3),
 - (b) the date on which that diagnosis was given,
 - (c) which of paragraph (2), (6), (7) or (8) of regulation 7 applies as to the cause or origin of the infection, and
 - (d) where the person is infected with Hepatitis B or Hepatitis C (or both), the severity of the infection.
- (2) Where the application relates to an IBSS-registered person, the application need not contain the evidence described in paragraph (1)(a) or (c).
- (3) Where the application relates to a deceased person (so that the application is made by the person's personal representatives), the application must also be accompanied by a document that is by law sufficient evidence of—
- (a) the grant of probate of the person's will,
 - (b) the grant of letters of administration of the person's estate, or
 - (c) confirmation as the person's executor.
- (4) Nothing in this regulation prevents the IBCA from requesting, or from seeking the production of, evidence to enable the application to be determined in such cases or in such circumstances as the IBCA considers appropriate.

Burden of proof and standard of proof

- 38.**—(1) The burden of proving any issue is on the applicant.
- (2) The standard of proof applicable in any decision which is required to be made under these Regulations is the balance of probabilities.

Decisions

- 39.**—(1) The IBCA must decide, in relation to each application—
- (a) whether the person to whom the application relates is an eligible infected person, and
 - (b) any other question arising out of the application.
- (2) The IBCA must notify the applicant of any decision under this regulation.
- (3) A notice referred to in paragraph (2) must—
- (a) give reasons for the decision,
 - (b) inform the applicant of the right—
 - (i) to request a review of the decision under regulation 40;
 - (ii) to appeal to the First-tier Tribunal following any such review, and

- (c) specify the period within which the rights in sub-paragraph (b) must be exercised.

PART 7

Reviews and appeals

Review initiated by the applicant

40.—(1) The IBCA must, on the request of an applicant, review a decision (“the original decision”)—

- (a) in accordance with regulation 39(1)(a) that the person to whom an application relates is not an eligible infected person;
- (b) where an offer made in accordance with regulation 10 has not been accepted, about—
 - (i) the person to whom the compensation payment is to be paid in accordance with regulation 9;
 - (ii) the amount of the compensation payment determined in accordance with regulation 11 or 23.

(2) The request referred to in paragraph (1) must—

- (a) be in writing,
- (b) be signed by the applicant,
- (c) specify the grounds on which the request for a review is made, and
- (d) be given to the IBCA within a period of 3 months beginning with the day on which the original decision is given to the applicant.

(3) The applicant may submit further evidence in connection with the request to review the original decision which the IBCA must consider when conducting the review.

(4) Evidence may only be submitted under paragraph (3)—

- (a) within the period of 6 months beginning with the day on which the request referred to in paragraph (1) is given to the IBCA, or
- (b) where the IBCA determines that it is reasonable to extend that period, within the period of 12 months beginning with the day that request is given to the IBCA.

(5) The IBCA must take reasonable steps to ensure that the review is carried out by a member of the IBCA’s staff who had no involvement in the making of the original decision.

(6) The decisions that may be made on a review are—

- (a) to confirm the original decision, or
- (b) to revoke the original decision and make a new decision on the application in accordance with these Regulations.

(7) The IBCA must notify the applicant of the decision on the review.

(8) The notice under paragraph (7) must—

- (a) state—
 - (i) that the original decision has been confirmed or revoked and remade, and
 - (ii) the terms of any new decision which has been made on the application,
- (b) give reasons for the decision made on the review,
- (c) state that the applicant may appeal to the First-tier Tribunal against the decision made on review, and
- (d) state the period within which such an appeal is to be made and provide information as to how to make such an appeal.

(9) Nothing in this regulation requires the IBCA to review a decision made under this regulation or under regulation 41.

Review initiated by the IBCA

41.—(1) The IBCA may, at any time after a decision is made under regulation 39 (“the original decision”), decide on its own initiative to conduct a review of that decision or any matter it has determined in relation to the decision under these Regulations.

(2) Where the IBCA decides to conduct a review of the original decision under paragraph (1), it must notify the applicant of the review and the reasons for it unless the IBCA considers that such notification would jeopardise the proper administration of the Scheme.

(3) The grounds on which the IBCA may conduct a review under this regulation include that—

- (a) whether fraudulently or otherwise, any person has misrepresented or failed to disclose a material fact and the original decision was made in consequence of the misrepresentation or failure,
- (b) the decision to make any compensation payment was based on a mistake as to a material fact, or
- (c) there was an error or omission which affected the substance of the original decision whether to make a compensation payment under or the amount of any compensation payment made.

(4) The applicant may submit written representations to the IBCA about the IBCA’s decision to conduct a review and about any information on which the decision to conduct a review was based.

(5) Any representation which is made under paragraph (4) must be sent so that it is received by the IBCA not later than 28 days after the date of the IBCA’s notice of the review under paragraph (2).

(6) The IBCA may extend the time limit in paragraph (5) by a further period where the IBCA considers that there was good reason for the failure to submit written representations before the end of that initial period and for any delay since then in submitting written representations.

(7) The decisions that may be made on a review under paragraph (1) are—

- (a) to confirm the original decision, or
- (b) to revoke the original decision and make a new decision on the application in accordance with these Regulations.

(8) Where the IBCA conducts a review under paragraph (1), it must notify the applicant of the decision on the review.

(9) The notice under paragraph (8) must—

- (a) state—
 - (i) that the original decision has been confirmed or revoked and remade, and
 - (ii) the terms of any new decision which has been made on the application,
- (b) give reasons for the decision made on the review,
- (c) state that the applicant may appeal to the First-tier Tribunal against the decision made on review, and
- (d) state the period within which such an appeal is to be made and provide information as to how to make such an appeal.

Appeals

42. An applicant may appeal to the First-tier Tribunal from a decision that has been made on a review under regulation 40(1) or 41(1).

PART 8

Recovery of overpayments

Recovery of overpayments

43.—(1) This regulation applies where a payment has been made to a person under the Scheme which the IBCA has determined, pursuant to a review under regulation 41, exceeds the amount that was payable to that person under the Scheme (and the “excess amount” is the difference between the amount the person was paid and the amount that was payable).

(2) The IBCA may, by a notice given to the relevant person, require the relevant person to repay the excess amount.

(3) The notice must state—

- (a) the excess amount, and
