2002 No. 1416

The TSE (Wales) Regulations 2002

Part VI

Article 15(2) of and Chapter B of Annex VIII to the Community TSE Regulation

Movement prohibitions and restrictions

89.—(1) This regulation applies where an inspector is satisfied that for any purpose connected with the administration or enforcement of Article 15(2) of, and Chapter B of Annex VIII to, the Community TSE Regulation it is necessary to prohibit or restrict the movement from or to any premises of—

- (a) any female bovine animal infected with a TSE or a BSE confirmed ovine or caprine animal;
- (b) any animal of first generation progeny of, or semen, embryos or ova derived from, a female bovine animal infected with a TSE or a BSE confirmed ovine or caprine animal;
- (c) any carcase of a female bovine animal infected with a TSE or any carcase of a BSE confirmed ovine or caprine animal;
- (d) any carcase of an animal of first generation progeny, of a female bovine animal infected with a TSE or of a BSE confirmed ovine or caprine animal.

(2) Where an inspector is satisfied as provided for in paragraph (1) above, the inspector may, by notice in writing served on the owner or person in charge of any animal, carcase, semen, embryos, or ova prohibit or restrict the movement of the animal or carcase, or semen, embryos or ova, from or to any premises described in the notice for that period, and subject to those conditions, as he or she considers necessary for that purpose and specifies in the notice.

(3) During the period in which the notice is in force a veterinary inspector may renew it subject to any conditions he or she considers necessary for the same or a shorter period.

(4) A notice which is renewed may be renewed from time to time in a similar manner by a veterinary inspector.

(5) Where a notice is in force under this regulation the requirements or conditions of which allow movement of any animal or carcase or semen, embryos or ova, from premises provided that a licence is obtained from a veterinary inspector, a veterinary inspector may issue a licence for this purpose subject to any requirements or conditions he or she considers necessary.

(6) Where an animal or carcase or semen, embryos or ova, is being or are being moved under the authority of a licence issued under this Part of these Regulations the person in charge of the animal or carcase or semen, embryos or ova being so moved must carry the licence during the authorised movement and must, on demand made by an inspector or by a member of a police force, produce the licence and allow a copy or extract to be taken, and must also, on such demand, furnish his or her name and address.
