After carrying out ante-mortem inspection, making due enquiries, and, where appropriate, carrying out the tests detailed below *, I certify that in my opinion—

(1) this animal was not affected with any disease or condition liable to render the whole carcass of the animal unfit for human consumption or that could be transmitted through the meat to humans or animals; and

(2) there is no evidence that any substances have been administered to the animal that might lead to a residue being present in the meat which might render meat from the animal unfit for human consumption or that the animal consumed any substance that might render meat from the animal unfit for human consumption.
