

SCHEDULE

Regulation 8(2)

CONDITIONS FOR MOVEMENTS OF POULTRY, OTHER CAPTIVE BIRDS AND POULTRY PRODUCTS

PART 1

Interpretation

1. In this Schedule “the movement licence” (“*y drwydded symud*”) means a licence issued under Regulation 8(2) for the particular movement described in the relevant sub-paragraph of this Schedule.

PART 2

MOVEMENTS OF LIVE POULTRY OR OTHER CAPTIVE BIRDS OR POULTRY EGGS WITHIN A VACCINATION ZONE

2.—(1) Where any person moves live poultry or other captive birds or poultry eggs within a vaccination zone—

- (a) hatching eggs must—
 - (i) originate from a vaccinated or unvaccinated breeding flock which has been examined by a veterinary inspector;
 - (ii) have been disinfected before dispatch in accordance with instructions issued by a veterinary inspector;
 - (iii) be transported directly to the hatchery of destination; and
 - (iv) be traceable within the hatchery.
- (b) eggs must originate from a vaccinated or non-vaccinated layer flock which has been examined by a veterinary inspector and must be transported to—
 - (i) a designated packing centre, provided that they are packed in disposable packaging and that all biosecurity measures required by the movement licence are applied; or
 - (ii) an establishment for the manufacture of egg products as set out in Chapter II of Section X of Annex III to Regulation (EC) No 853/2004(1) to be handled and treated in accordance with Chapter XI of Annex II to Regulation (EC) No 852/2004(2).
- (c) day-old chicks must—
 - (i) originate from hatching eggs satisfying the conditions set out in paragraph (a); and
 - (ii) be placed in a poultry-house or shed where there is no resident poultry.
- (d) live poultry or other captive birds must—
 - (i) have been vaccinated against avian influenza if vaccination is required by a declaration or notice under regulation 5(1);
 - (ii) have been examined by a veterinary inspector; and
 - (iii) be placed in a poultry-house or shed where there is no resident poultry.
- (e) poultry for slaughter must—

(1) OJNo. L139, 30.4.2004, p.55.

(2) OJ No. L139, 30.4.2004, p.1.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- (i) be examined by a veterinary inspector before loading; and
 - (ii) be sent directly to a designated slaughterhouse for immediate slaughter.
- (2) Sub-paragraph (1)(b) does not apply to the retail distribution of poultry eggs and movements subsequent to such distribution.

PART 3

MOVEMENTS OF LIVE POULTRY OR OTHER CAPTIVE BIRDS OR POULTRY EGGS FROM PREMISES OUTSIDE A VACCINATION ZONE OR PREMISES WHICH ARE NOT UNDER NOTICE TO PREMISES WITHIN A VACCINATION ZONE OR TO PREMISES WHICH ARE UNDER NOTICE

3.—(1) Where any person moves live poultry or other captive birds or poultry eggs from premises outside a vaccination zone, or premises which are not under notice, to premises within a vaccination zone or to premises which are under notice—

- (a) hatching eggs must—
 - (i) be transported directly to the hatchery of destination; and
 - (ii) be traceable within the hatchery.
- (b) eggs must be transported to—
 - (i) a designated packing centre, provided that they are packed in disposable packaging and that all biosecurity measures required by the movement licence are applied; or
 - (ii) an establishment for the manufacture of egg products as set out in Chapter II of Section X of Annex III to Regulation (EC) No 853/2004 to be handled and treated in accordance with Chapter XI of Annex II to Regulation (EC) No 852/2004.
- (c) day-old chicks must be placed in a poultry house or shed where there is no resident poultry.
- (d) live poultry or other captive birds must—
 - (i) be placed in a poultry-house or shed where there is no resident poultry; and
 - (ii) be vaccinated at the farm of destination if vaccination is required by a declaration or notice under regulation 5(1).
- (e) poultry for slaughter must be sent directly to a designated slaughterhouse for immediate slaughter.

(2) Sub-paragraph (1)(b) does not apply to the retail distribution of poultry eggs and movements subsequent to such distribution.

PART 4

MOVEMENTS OF LIVE POULTRY OR OTHER CAPTIVE BIRDS OR POULTRY EGGS FROM PREMISES WITHIN A VACCINATION ZONE OR PREMISES WHICH ARE UNDER NOTICE TO PREMISES OUTSIDE A VACCINATION ZONE OR TO PREMISES WHICH ARE NOT UNDER NOTICE

4.—(1) Where any person moves live poultry or other captive birds or poultry eggs from premises within a vaccination zone, or from premises which are under notice, to premises outside a vaccination zone or to premises which are not under notice—

- (a) hatching eggs must—
 - (i) originate from a vaccinated or unvaccinated breeding flock which has been examined by a veterinary inspector;
 - (ii) have been disinfected before dispatch in accordance with instructions issued by a veterinary inspector;
 - (iii) be transported directly to the hatchery of destination; and
 - (iv) be traceable within the hatchery.
 - (b) eggs must originate from a vaccinated or non-vaccinated layer flock which has been examined by a veterinary inspector and must be transported to—
 - (i) a designated packing centre, provided that they are packed in disposable packaging and that all biosecurity measures required by the movement licence are applied; or
 - (ii) an establishment for the manufacture of egg products as set out in Chapter II of Section X of Annex III to Regulation (EC) No 853/2004 to be handled and treated in accordance with Chapter XI of Annex II to Regulation (EC) No 852/2004.
 - (c) day-old chicks must—
 - (i) not have been vaccinated;
 - (ii) originate from hatching eggs satisfying the conditions set out in paragraph 2(1)(a), 3(1)(a) or 4(1)(a);
 - (iii) be placed in a poultry-house or shed where there is no resident poultry.
 - (d) live poultry or other captive birds must—
 - (i) not have been vaccinated;
 - (ii) have been examined by a veterinary inspector; and
 - (iii) be placed in a poultry-house or shed where there is no resident poultry.
 - (e) poultry for slaughter must—
 - (i) be examined by a veterinary inspector before loading; and
 - (ii) be sent directly to a designated slaughterhouse for immediate slaughter.
- (2) Sub-paragraph (1)(b) does not apply to the retail distribution of poultry eggs and movements subsequent to such distribution.

PART 5

MEAT OBTAINED FROM POULTRY KEPT WITHIN A VACCINATION ZONE OR PREMISES UNDER NOTICE

- 5.—(1) For meat obtained from vaccinated poultry kept within a vaccination zone or premises under notice and which have been sent for slaughter, that poultry must—
- (a) have been vaccinated with a vaccine specified in a declaration or notice under regulation 5(1);
 - (b) have been inspected and tested by a veterinary inspector;
 - (c) have been clinically inspected by a veterinary inspector within 48 hours before loading and if appropriate any sentinel birds on the premises must have been examined by a veterinary inspector; and
 - (d) have been sent directly to a designated slaughterhouse for immediate slaughter.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(2) For meat obtained from non-vaccinated poultry kept within a vaccination zone or premises under notice and which have been sent for slaughter, the poultry must have undergone monitoring by a veterinary inspector or an inspector under the direction of a veterinary inspector.

PART 6

MOVEMENT OF POULTRY OR OTHER CAPTIVE BIRDS FROM THE UNITED KINGDOM

6. The movement of poultry or other captive birds kept within a vaccination zone or premises under notice from the United Kingdom is prohibited unless authorised by the receiving Member State.
