**2006 No. 179**

**The Foot-and-Mouth Disease (Wales) Order 2006**

**PART 3**

Measures following confirmation of disease

**Measures applicable in a wild animal infected zone**

**41.**—(1) The measures in Schedule 7 apply in respect of a wild animal infected zone but without prejudice to any measures applying in any part of it because that part falls within—

- (a) a protection zone,
- (b) a surveillance zone,
- (c) a vaccination zone, or
- (d) a vaccination surveillance zone.

(2) The National Assembly may declare that any other measure it considers necessary so as to prevent the spread of disease applies in respect of the whole or any part of any wild animal infected zone and any such measure will then apply in respect of that wild animal infected zone or part of it.

**Changes to legislation:**

There are currently no known outstanding effects for the The Foot-and-Mouth Disease (Wales) Order 2006, Section 41.
