

SCHEDULE 1

Article 8(1)

Measures applicable in respect of a wild bird control area

PART 1

Movement of birds

Prohibition on the movement of poultry or other captive birds from premises in a wild bird control area

1.—(1) No person may move poultry or other captive birds from premises in a wild bird control area except under the authority of a licence granted by a veterinary inspector or an inspector acting under his or her direction.

(2) A veterinary inspector may not grant or direct the grant of a licence for a movement under paragraph (1) unless it is for a movement of—

- (a) poultry to any premises in the wild bird control area or the wild bird monitoring area centred on the same outbreak point, including an undesignated slaughterhouse;
- (b) ready-to-lay pullets and turkeys for fattening to premises in the United Kingdom;
- (c) poultry to a designated slaughterhouse for slaughter;
- (d) day-old chicks hatched from eggs which were collected from premises within the wild bird control area to premises in the United Kingdom;
- (e) day-old chicks hatched from eggs collected from premises within the wild bird monitoring area centred on the same outbreak point as that control area to premises in the United Kingdom;
- (f) day-old chicks hatched from eggs which were collected from premises outside the wild bird control area or outside the wild bird monitoring area centred on the same outbreak point, to any premises.

(3) A veterinary inspector may not grant or direct the grant of a licence for a movement referred to in sub-paragraph 2(f) unless he or she is satisfied that there was no contact, at the hatchery from which the day-old chicks are being moved, between the eggs from which the day old chicks were hatched and any other hatching eggs or day-old chicks originating from poultry within the wild bird control area or wild bird monitoring area.

Restriction on movement of poultry from premises of destination

2.—(1) If a veterinary inspector, or an inspector acting under his or her direction—

- (a) grants a licence for a movement of ready to lay pullets or turkeys for fattening in accordance with paragraph 1(2)(b); or
- (b) grants a licence for a movement of day-old chicks in accordance with paragraph 1(2)(d) to premises outside the wild bird control area or the wild bird monitoring area centred on the same outbreak point,

the occupier of the premises to which they are moved must ensure that neither they nor any other poultry are moved off the premises for 21 days from the date when those day-old chicks arrived.

Slaughter of poultry

3.—(1) The occupier of a slaughterhouse to which poultry are moved in accordance with paragraph 1(2)(a) or 1(2)(c) must ensure that the poultry are slaughtered without delay.

Status: Point in time view as at 20/10/2011.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to *The Avian Influenza (H5N1 in Wild Birds) (Wales) Order 2006*. Any changes that have already been made by the team appear in the content and are referenced with annotations. (See end of Document for details)

- (2) The occupier of a slaughterhouse which produces—
- (a) fresh meat from poultry referred to in paragraph 9(2)(c) which requires a licence for transport out of the wild bird control area to other parts of the United Kingdom under paragraph 9(1); or
 - (b) fresh meat from such poultry for processing into processed fresh meat requiring such a licence or for incorporation into meat products requiring such a licence,
- must ensure that the conditions in paragraph (3) are fulfilled.
- (3) The conditions are—
- (a) poultry from premises in a wild bird control area must be kept separate from poultry from outside the wild bird control area;
 - (b) the poultry from within the area must be slaughtered separately or at different times from poultry from outside the area; and
 - (c) the part of the slaughterhouse, any equipment and any other thing which has been used for the slaughter or subsequent processing of poultry from within the area must be cleansed and disinfected in accordance with a veterinary inspector's instructions before poultry from outside the wild bird control area are slaughtered in that part of the slaughterhouse, using that equipment or other thing.

Prohibition on the movement of poultry and other captive birds through a wild bird control area

- 4.—(1) No person may move poultry or other captive birds through a wild bird control area unless the movement is straight through the area on a major highway or railway.
- (2) In this paragraph a movement “straight through” a wild bird control area means a movement into that area and then out of that area without stopping or unloading.

PART 2

Movement of hatching eggs and SPF eggs

Prohibition on the movement of hatching eggs from a wild bird control area

- 5.—(1) No person may move any hatching egg which was collected from premises within a wild bird control area from premises in that area except under the authority of a licence granted by a veterinary inspector or an inspector acting under his or her direction.
- (2) A veterinary inspector may not grant or direct the grant of a licence under sub-paragraph (1), unless it is for a movement of hatching eggs—
- (a) to a hatchery;
 - (b) to a designated laboratory, institute or vaccine manufacturer for scientific, diagnostic or pharmaceutical uses;
 - (c) to an establishment for the manufacture of egg products as set out in Chapter II of Section X of Annex III to Regulation (EC) No. 853/2004^{MI};
 - (d) for disposal.
- (3) A veterinary inspector may not grant or direct the grant of a licence for a movement to an undesignated hatchery in accordance with sub-paragraph (2)(a) unless—
- (a) poultry on the premises from which the hatching egg is being moved have tested negative in a serological survey for avian influenza capable of detecting 5% prevalence of the

disease with at least a 95% level of confidence, carried out to the satisfaction of the National Assembly;

- (b) the eggs and their packaging are disinfected before dispatch; and
- (c) the eggs are transported in sealed vehicles.

Prohibition on the movement of an SPF-egg from the wild bird control area

6.—(1) No person may move any SPF-egg collected from premises in a wild bird control area from premises in that area except to a designated laboratory, institute or vaccine manufacturer for scientific, diagnostic or pharmaceutical uses except under the authority of a licence granted by a veterinary inspector or an inspector acting under his or her direction.

(2) In sub-paragraph (1), “SPF-egg” means a hatching egg for use for diagnostic procedures in laboratories for the production and testing of vaccines and for research or pharmaceutical purposes.

Cleansing and disinfection at undesignated hatcheries

7. The occupier of an undesignated hatchery to which hatching eggs are moved in accordance with paragraph 5(2)(a) must—

- (a) ensure that trolleys and packaging trays used to transport hatching eggs to or from the hatchery are cleansed and disinfected before they leave the hatchery or are re-used; and
- (b) keep a record of any cleaning and disinfection carried out under sub-paragraph (a).

Separation of hatching eggs

8.—(1) A person moving hatching eggs out of the wild bird control area under paragraph 5(1) must ensure that those eggs do not come into contact with hatching eggs collected from premises outside that area.

(2) The occupier of an undesignated hatchery to which hatching eggs are moved in accordance with paragraph 5(2)(a) must ensure that those eggs do not come into contact with hatching eggs collected from premises outside the wild bird control area.

PART 3

Movement of controlled meat

Restriction on the movement of controlled meat out of a wild bird control area

9.—(1) No person may move controlled meat out of a wild bird control area except under the authority of a licence granted by a veterinary inspector or an inspector acting under his or her direction.

(2) A veterinary inspector may not grant or direct the grant of a licence under sub-paragraph (1) unless it is for the movement of—

- (a) fresh meat from poultry that was produced in accordance with Annex II and Sections II and III of Annex III to Regulation (EC) No. 853/2004 and subject to the official controls set

Status: Point in time view as at 20/10/2011.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to The Avian Influenza (H5N1 in Wild Birds) (Wales) Order 2006. - (b) processed fresh meat or meat products that were produced from the fresh meat referred to in sub-paragraph (a) in accordance with Sections V and VI of Annex III to Regulation (EC) No. 853/2004;
 - (c) fresh meat from poultry, processed fresh meat from poultry or meat products from such fresh meat or processed fresh meat, other than the fresh meat, processed fresh meat and meat products referred to in sub-paragraphs (2)(a) and (2)(b), to other parts of the United Kingdom, provided—
 - (i) the meat or product is identified with the national mark described in paragraph 10 or with the mark described in paragraph 10(2); and
 - (ii) he or she is satisfied that the meat or product meets the conditions set out in paragraph 11;
 - (d) fresh meat or processed fresh meat produced from poultry or wild game birds originating from an area which subsequent to such production is declared a wild bird control area, provided such meat has been obtained, cut and stored separately from poultry or wild game bird meat produced after the date when the control area is established;
 - (e) meat products containing the meat referred to in sub-paragraph (d) produced in establishments within the wild bird control area.
- (3) No person other than the final consumer of meat marked with a mark referred to in sub-paragraph (2)(c) may deface, obliterate or remove that mark, unless licensed by the National Assembly.

National mark

- 10.**—(1) The mark referred to in paragraph 9(2)(c)(i) must—
- (a) be square;
 - (b) be clear and visible; and
 - (c) contain in legible form, the following—
 - (i) on the upper part, the letters “UK”;
 - (ii) in the centre, the slaughterhouse approval number;
 - (iii) on the lower part, the letter “N”.
- (2) The other mark referred to in paragraph 12(1) must be —
- (a) the shape set out below;
 - (b) of the dimensions referred to below or of proportionate dimensions; and
 - (c) legible to the naked eye.

Status: Point in time view as at 20/10/2011.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to *The Avian Influenza (H5N1 in Wild Birds) (Wales) Order 2006*. (a) 15 – 8 mm
(b) XXXX (where XXXX is the approval number of the premises, as referred to in point 7 of Part B of Section 1 of Annex II to Regulation (EC) No 202/2004) – 11 mm
(c) diameter (to inside edge of border) – not less than 30 mm
(d) thickness of border – 3 mm

Conditions for the movement of meat and products under article 9(2)(c)(ii)

11. The conditions referred to in paragraph 9(2)(c)(ii) are that the meat (or the meat from which the product was made) was obtained, cut and stored separately from—

- (a) controlled meat being moved under paragraphs 9(2)(a), (b) or (d); and
- (b) from meat from poultry from outside the wild bird control area.

Separation of controlled meat

12.—(1) A person moving controlled meat out of the wild bird control area under a licence granted in accordance with paragraph 9(2)(c) must ensure that it does not come into contact with controlled meat being moved under a licence granted in accordance with paragraphs 9(2)(a), (b) or (d) or any meat from poultry from outside that area.

(2) A person receiving controlled meat moved under a licence granted in accordance with paragraph 9(2)(c) must ensure that it is not used in meat products or meat preparations intended for placing on the market outside the United Kingdom unless it or the product or preparation in which it has been used has undergone a heat treatment at a minimum temperature of 70°C, which must be reached throughout the meat.

(3) If controlled meat referred to in paragraphs 9(2)(a), (b) or (d) comes into contact with meat referred to in paragraph 9(2)(c), the person moving such controlled meat must identify it in accordance with paragraph 9(2)(c) as soon as is reasonably practicable and must not transport it to premises outside the United Kingdom.

PART 4

Movement of by-products

Restriction on the movement of bird by-products or products derived from bird by-products from premises in a wild bird control area

13.—(1) Subject to sub-paragraph (4), no person may move from a wild bird control area, a bird by-product derived from poultry, other captive birds or wild game birds originating from within that control area, or a product deriving from such by-products, except under the authority of a licence granted by a veterinary inspector or an inspector acting under his or her direction

[^{F1}(2) A veterinary inspector may not grant or direct the grant of a licence under sub-paragraph (1) unless it is for a movement of—

- (a) processed animal protein within the meaning of paragraph 5 of Annex 1 to Regulation (EU) No. 142/2011 which complies with the requirements of paragraph B of Section 1 of Chapter II of Annex X to that Regulation;
- (b) blood products within the meaning of paragraph 4 of Annex I to Regulation (EU) No. 142/2011 which comply with the requirements of paragraph B of Section 2 of Chapter II of Annex X to that Regulation;

Status: Point in time view as at 20/10/2011.

Changes to legislation: There are outstanding changes not yet made by the legislation.gov.uk editorial team to *The Avian Influenza (H5N1 in Wild Birds) (Wales) Order 2006*.
