

## SCHEDULE 7

### Public information in relation to alert and information thresholds for nitrogen dioxide, sulphur dioxide and ozone

4. Forecast for the following afternoon, day and days—
  - (a) the geographical area in which it is expected that an information or alert threshold will be exceeded; and
  - (b) the expected change in pollution, that is, improvement, stabilisation or deterioration, and the reasons for that change.

**Changes to legislation:**

There are currently no known outstanding effects for the The Air Quality Standards (Wales) Regulations 2010, Paragraph 4.
