## **EXPLANATORY NOTE**

*(This note is not part of the Order)*

Section 3 of the Waste (Wales) Measure 2010 (“the Measure”) establishes statutory targets for the percentage of a local authority’s municipal waste which must be recycled, prepared for re-use and composted.

This Order supplements the Measure, by setting out when local authority municipal waste is recycled (article 3), prepared for re-use (article 4) and composted (article 5) for the purposes of those targets.
