

SCHEDULE 2

Certification requirements

PART 2

Cereals

CHAPTER 1

Types of seed

Meaning of “certified seed”

12. Certified seed is seed—

- (a) of rye, maize, or triticale and hybrids of barley, oats, wheat, durum wheat, spelt wheat;
- (b) that has been produced directly from basic seed or, if the breeder so requests, from seed of a generation prior to basic seed that satisfies the conditions for basic seed; and
- (c) that is intended for purposes other than the production of cereal seed.
