Deregistration of release land

Registration of replacement land

4.—(1) Where a commons registration authority receives a deregistration and exchange order, the following provisions of this regulation apply subject to any provisions in the order specifying the manner in which the replacement land is to be registered.

(2) The registration authority may register the replacement land—

- (a) by amending the register unit in its register of common land or register of town or village greens which contains the registration of the release land; or

(8) Each new map taken into use must be stamped by and signed on behalf of the registration authority, and will then form part of the register.
