**The Commons Act 2006 (Correction, Non-Registration
or Mistaken Registration) (Wales) Regulations 2017**

PART 2

Applications and proposals to amend the Registers

Land descriptions

8.—(1) This regulation applies in relation to any requirement to describe land for the purposes of an application or proposal, except where another provision of these Regulations specifies the manner in which land is to be described in a particular case.

(2) The land must be described, except where paragraph (3) applies, by an Ordnance Map accompanying the application or proposal and referred to in it.

(3) Where the land is registered land, and the application relates to the whole of the land in a register unit, the land must be described by a reference to the number of that register unit.

(4) Where part of the land is registered land, that part of the land must be described by a reference to the number of any register unit which includes that part.

(5) In paragraphs (3) and (4) the references to “registered land” include land provisionally registered under the 1965 Act, but which registration was not subsequently confirmed, in which case the requirement under those paragraphs is to be met by describing such land by reference to the number under which it was provisionally registered.

(6) Any Ordnance Map accompanying an application or proposal must show the land to be described by means of distinctive colouring within an accurately identified boundary and must be on a scale of not less than 1:2,500 if available, and in any event not less than 1:10,000.
