
EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations, which apply in Wales, continue to implement Council [Directive 2008/90/EC](#) on the marketing of fruit plant propagating material and fruit plants intended for fruit production (OJ No L 267, 8.10.2008, p. 8). They also implement—

Commission Implementing [Directive 2014/96/EU](#) on the requirements for the labelling, sealing and packaging of fruit plant propagating material and fruit plants intended for fruit production, falling within the scope of Council [Directive 2008/90/EC](#) (OJ L 298, 16.10.2014, p. 12);

Commission Implementing [Directive 2014/97/EU](#) implementing Council [Directive 2008/90/EC](#) as regards the registration of suppliers and of varieties and the common list of varieties (OJ L 298, 16.10.2014, p. 16);

Commission Implementing [Directive 2014/98/EU](#) implementing Council [Directive 2008/90/EC](#) as regards specific requirements for the genus and species of fruit plants referred to in Annex I thereto, specific requirements to be met by suppliers and detailed rules concerning official inspections (OJ No L 298, 16.10.2014, p. 22).

They revoke and replace the Marketing of Fruit Plant Material Regulations ([S.I. 2010/2079](#)).

Part 1 of the Regulations is introductory. The fruit plants and propagating material (plant material) to which the Regulations apply is set out in regulation 4 and Schedule 3.

Part 2 contains requirements for marketing plant material (regulation 5). In order to be marketed, plant material must comply with requirements set out for certification (regulation 9 and Schedule 5) and packaging, sealing and labelling (regulation 10 and Schedule 2). Plant material must be, or be in the process of being, registered (Schedule 4) and have been granted, or an application made for, plant variety rights (regulation 7). CAC material must comply with requirements set out in Schedule 1 and be accompanied by a supplier's document (Schedule 2). Regulation 4 sets out exceptions to these general requirements.

Part 3 requires the registration of suppliers (regulation 11) and a register of suppliers (regulation 13). Suppliers are required to monitor the production of plant material (regulation 14) and keep records (regulation 15).

Part 4 deals with the enforcement of these Regulations and sets out inspectors' powers, including a power to serve a notice on any person to require that person to provide information and a power to prohibit the movement of plant material suspected of failing to comply with these Regulations. An inspector also has a power to serve a notice on any person acting in contravention of these Regulations to require that person to comply with the Regulations or to prohibit that person from acting in breach of them. Under regulation 24(1) a person who fails to comply with any such notice or to give assistance to the inspector is guilty of an offence. Under regulation 24(2) a person guilty of an offence under the Regulations is liable on summary conviction to a fine not exceeding level 3 on the standard scale.

Part 5 sets out administrative provisions including arrangements for official measures (regulation 27) and a transitional provision (regulation 28).

The Welsh Ministers' Code of Practice on the carrying out of Regulatory Impact Assessments was considered in relation to these Regulations. As a result, it was not considered necessary to carry out a regulatory impact assessment as to the likely costs and benefits of complying with these Regulations.
