

## SCHEDULE 16

### Potato brown rot

## PART A

### Special measures for the control of Potato brown rot

#### **Susceptible material or objects contaminated or possibly contaminated with Potato brown rot**

3. A notice may require that—
  - (a) contaminated susceptible material be subjected to any measure that complies with point 1 of Annex VI to [Directive 98/57/EC](#);
  - (b) possibly contaminated susceptible material be used or disposed of in accordance with point 2 of Annex VI to [Directive 98/57/EC](#);
  - (c) a contaminated object or a possibly contaminated object be—
    - (i) disposed of by destruction; or
    - (ii) cleansed and disinfected so that there is no identifiable risk of Potato brown rot spreading.
