PART 2

Household income

Household income of eligible student

2. This Part makes provision about the calculation of an eligible student's household income.

Calculation of household income

3.—(1) An eligible student's household income is calculated by applying the following steps—
Step 1 If the student is not an independent eligible student (see paragraph 4), aggregate the total residual income of the persons listed in List A. If the student is an independent eligible student, aggregate the total residual income of the persons listed in List B.

List A

The persons are—

- (a) the eligible student, plus
- (b) either—
 - (i) each of the eligible student's parents (subject to paragraph 5), or
 - (ii) where the student's parents have separated, the parent selected under paragraph 6(3) and that parent's partner (if that parent has one), (subject to paragraph 7).

List B

The persons are—

- (a) the independent eligible student, plus
- (b) the student's partner (if the student has one), (subject to paragraphs 7 and 8).

Step 2 Calculate the applicable amount of dependent child deduction (see sub-paragraphs (2) to (4)) and deduct that from the aggregated total calculated under Step 1. The result is the eligible student's household income.

(2) A dependent child deduction is a deduction made in respect of each child wholly or mainly financially dependent on—

- (a) the eligible student,
- (b) the eligible student's partner,
- (c) the eligible student's parent, or
- (d) the partner of the eligible student's parent,

where the income of that person is taken into account for the purposes of calculating household income.

(3) But no deduction is to be made in respect of a child of—

- (a) the eligible student's parent, or
- (b) the partner of the eligible student's parent,

if the child is the eligible student.

(4) In Table 15, Column 2 sets out the amount of dependent child deduction in respect of the academic year set out in the corresponding entry in Column 1.

Table 15

Column 1 Academic year

Independent eligible students

4.—(1) An eligible student is an independent eligible student if one of the following cases applies—
Case 1 The student is aged 25 or over on the first day of the current academic year. *Case 2* The student is married or is in a civil partnership before the beginning of the first day of the current academic year, whether or not the marriage or civil partnership continues to subsist after that date. *Case 3* The student has no parent living. *Case 4* The Welsh Ministers are satisfied that—

- (a) neither of the student's parents can be found, or
- (b) it is not reasonably practicable to get in touch with either of the student's parents.

Case 5 Either—

- (a) the student has not communicated with either of the student's parents for a period of one year or more ending on the day before the first day of the current academic year, or
- (b) in the opinion of the Welsh Ministers, the student is irreconcilably estranged from the student's parents on other grounds.

Case 6 The student's parents reside outside [^{F1}the United Kingdom, Gibraltar and] the European Union and the Welsh Ministers are satisfied that—

- (a) the assessment of the household income by reference to the parents' income would place those parents in jeopardy, or
- (b) it would not be reasonably practicable for the parents to send funds to the United Kingdom for the purposes of supporting the student.

Case 7 Where paragraph 6 (separation of parents) applies, the parent selected by the Welsh Ministers under sub-paragraph (3) of that paragraph has died, irrespective of whether that parent had a partner.

Case 8 On the first day of the current academic year, the student has the care of a person under the age of 18. *Case 9* The student has been supported by the student's earnings for any period of three years (or periods which together aggregate at least three years) ending before the first day of the first academic year of the present course. *Case 10* Where a student is an independent eligible student by virtue of Case 9 in respect of one academic year, the student continues to be an independent eligible student for any subsequent academic year of the designated course. *Case 11* The student is a care leaver within the meaning given by regulation 49.

(2) For the purposes of Case 9, an eligible student is treated as being supported by the student's earnings if during the period or periods referred to in Case 9 one of the following grounds applies—

Ground 1 The eligible student was participating in arrangements for training unemployed persons under a scheme operated, sponsored or funded by a public body. *Ground 2* The eligible student received a benefit payable by a public body in respect of a person who is available for employment but is unemployed. *Ground 3* The eligible student was available for employment and had complied with any registration requirement of a public body as a condition of entitlement for participation in arrangements for training or the receipt of benefits. *Ground 4* The eligible student held a state studentship or comparable award. *Ground 5* The eligible student received a pension, allowance or other benefit paid by reason of the student's disability, injury or sickness or for a reason associated with childbirth.
