**2019 No. 435**

**The Food Standards and Labelling (Miscellaneous Amendments) (Wales) (EU Exit) Regulations 2019**

**The Honey (Wales) Regulations 2015**

6. In the Honey (Wales) Regulations 2015(1), after regulation 18 insert—

**“Methods of analysis**

**18A.** In carrying out its obligations under regulation 18, a food authority must, whenever possible, use a method of analysis approved by the Codex Alimentarius, or another internationally recognised validated method of analysis, to verify compliance with the provisions of these Regulations.”
