Pollution control

Rocky outcrop

25.—(1) If the fencing enclosing the rocky outcrop required by paragraph 1(1) is retained or replaced after any use permitted by article 3(1)(a)(i) begins, the condition in sub-paragraph (2) applies.

(2) The fencing must be—

- (a) galvanized wire stock-proof fencing with unpainted posts made from wood and less than 1.5 metres high, or
- (b) finished in the colour palette identified in paragraph 9(2).

(3) No equipment, machinery, materials or other items are permitted on the rocky outcrop other than as necessary to erect or maintain the fencing.
