**2024 No. 753**

**The Bovine Viral Diarrhoea (Wales) Order 2024**

**PART 3**

**Sampling and notification requirements**

**Notification of BVD on a holding to other keepers**

**17.**—(1) This article applies where—

- (a) there is a bovine animal with an individual BVD status of positive present on a holding, and
- (b) there is a bovine animal belonging to another keeper (in this article “the other keeper”) kept on the same holding.

(2) The keeper must give notice to the other keeper that there is a bovine animal with an individual BVD status of positive on the holding.

(3) A notice under paragraph (2) must be given within 5 days of the later of—

- (a) the date that the keeper knows (or ought reasonably to have known) that the animal has an individual BVD status of positive, or
- (b) the date that the other keeper moves a bovine animal onto the holding.

(4) Where the individual BVD status of the animal is changed, the keeper must, within 5 days of receiving notice from an approved laboratory of the change of individual status (or of otherwise becoming aware of the change), give the other keeper notice of the change.
